REGISTRATION DOCUMENT SUPPLEMENT

SUPPLEMENT 1/2026

BARCLAYS BANK PLC
(Incorporated with limited liability in England and Wales)

This supplement dated 12 August 2026 (the "**Supplement**") constitutes a supplement for the purposes of Article 23(5) of Regulation (EU) 2017/1129 of the European Parliament and of the Council of 14 June 2017 (the "**Prospectus Regulation**").

This Supplement is supplemental to and must be read in conjunction with the registration document 13/2026 dated 9 April 2026 (the "**Registration Document**") prepared for the purposes of giving information with respect to Barclays Bank PLC (the "**Issuer**").

This Supplement supplements the Registration Document, and as a consequence of this, each of the following multipartite base prospectuses (constituted by the Registration Document and a securities note dated the approval date of the respective base prospectus) will be updated: the Issuer's (a) Global Structured Securities Programme EU Base Prospectus approved on 10 April 2026 (the "**GSSP EU Base Prospectus**"), (b) Retail Structured Securities Programme Base Prospectus A (in German, *Basisprospekt A*) approved on 2 June 2026 (the "**RSSP Base Prospectus A**") and (c) Retail Structured Securities Programme Base Prospectus B (in German, *Basisprospekt B*) approved on 2 June 2026 (the "**RSSP Base Prospectus B**").

The information included in the Appendix hereto sets out the information on the Issuer to be included in issue specific summaries relating to products issued under the GSSP EU Base Prospectus, RSSP Base Prospectus A, and RSSP Base Prospectus B. For the avoidance of doubt, the Appendix overrides the section headed "Appendix" in the Registration Document 13/2026, which have become obsolete.

This Supplement has been approved by the Central Bank of Ireland as competent authority under the Prospectus Regulation. The Central Bank of Ireland only approves this Supplement as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer that is the subject of this Supplement. With effect from the date of this Supplement the information appearing in, or incorporated by reference into, the Registration Document shall be supplemented in the manner described below.

Terms defined in the Registration Document shall, unless the context otherwise requires, have the same meaning when used in this Supplement.

In accordance with Article 23(2) of the Prospectus Regulation, investors who have already agreed to purchase or subscribe for securities pursuant to the GSSP EU Base Prospectus, RSSP Base Prospectus A, and RSSP Base Prospectus B before this Supplement is published have the right, exercisable within three working days after the publication of this Supplement, to withdraw their acceptances, and should contact the relevant distributor of such securities in connection therewith. The final date of the right of withdrawal will be 17 August 2026.

The Issuer accepts responsibility for the information contained in this Supplement and declares that the information contained in this Supplement, is in accordance with the facts and makes no omission likely to affect its import. To the extent that there is any inconsistency between (a) any statement in this supplement or any statement incorporated by reference into the Registration Document by this supplement and (b) any other statement in, or incorporated by reference in, the Registration Document, the statements in (a) above will prevail.

The purpose of this Supplement is to:

(a) supplement the section entitled "*Information Incorporated by Reference*" on page 32 of the Registration Document and incorporate by reference into the Registration Document the unaudited Interim Results Announcement of the Issuer, as filed with the US Securities and Exchange Commission ("**SEC**") on Form 6-K (including exhibits thereto) on 28 July 2026 in respect of the six months ended 30 June 2026 (the "**Interim Results Announcement**"). The Interim Results Announcement is available in electronic form at https://home.barclays/content/dam/home-barclays/documents/investor-relations/ResultAnnouncements/H12026Results/BBPLC%206-K%20H1%202026.pdf;

The Interim Results Announcement has been filed with the Central Bank of Ireland and shall be deemed to be incorporated in, and form part of, the Registration Document as supplemented by this Supplement. The Interim Results Announcement may be inspected during normal business hours at Barclays Treasury, 1 Churchill Place, London, E14 5HP, United Kingdom and at the specified office of the Principal Paying Agent, at 160 Queen Victoria Street, London, EC4V 4LA, United Kingdom during the life of the Registration Document. It has also been filed with the SEC and is available in electronic form on the SEC's website at https://www.sec.gov/cgi-bin/browse-edgar?action=getcompany&CIK=0000312070&type=6-K&dateb=&owner=exclude&count=40&search_text=;

(b) amend the third, fourth and fifth paragraphs in the section entitled "*Forward-Looking Statements*" commencing on page 33 of the Registration Document by replacing them with the following:

"By their nature, forward-looking statements involve risk and uncertainty because they relate to future events and circumstances. Forward-looking statements speak only as at the date on which they are made. Forward-looking statements may be affected by a number of factors, including, without limitation: changes in legislation, regulations, governmental and regulatory policies, expectations and actions, voluntary codes of practices and the interpretation thereof, changes in IFRS and other accounting standards, including practices with regard to the interpretation and application thereof and emerging and developing sustainability reporting standards (including emissions accounting methodologies); changes in tax laws and practice; the outcome of current and future legal proceedings and regulatory investigations; the Barclays Bank Group's ability along with governments and other stakeholders to measure, manage and mitigate the impacts of climate change effectively or navigate inconsistencies and conflicts in the manner in which climate policy is implemented in the regions where the Barclays Bank Group operates, including as a result of the adoption of rules and regulations taking a different or opposing position on sustainability matters, or other forms of governmental and regulatory action against sustainability policies; environmental, social and geopolitical risks and incidents and similar events beyond the Barclays Bank Group's control; financial crime; the impact of competition in the banking and financial services industry; capital, liquidity, leverage and other regulatory rules and requirements applicable to past, current and future periods; UK, US, Eurozone and global macroeconomic and business conditions, including inflation; volatility in credit and capital markets; market related risks such as changes in interest rates and foreign exchange rates; reforms to benchmark interest rates and indices; higher or lower asset valuations; changes in credit ratings of any entity within the Barclays Bank Group or any securities issued by it; changes in counterparty risk; changes in consumer behaviour; changes in trade policy, including the imposition of tariffs or other protectionist measures; the direct and indirect consequences of the conflicts in the Middle East and Ukraine on European and global macroeconomic conditions, political stability and financial markets; changes in US legislation and policy; developments in the UK's relationship with the EU; the risk of cyberattacks, information or security breaches, technology failures or operational disruptions and any subsequent impact on the Barclays Bank Group's reputation, business or operations, the use of new technology, including artificial intelligence; the Barclays Bank Group's ability to access funding; and the success of acquisitions, disposals, joint ventures and other strategic transactions. A number of these factors are beyond the Barclays Bank Group's control. As a result, the Barclays Bank Group's actual financial position, results, financial and non-financial metrics or performance measures or its ability to meet commitments and targets may differ materially from the statements or guidance set forth in the Barclays Bank Group's forward-looking statements.

Additional risks and factors which may impact the Barclays Bank Group's future financial condition and performance are identified in the Issuer's filings with the SEC (including, without limitation, the Issuer's Annual Report on Form 20-F for the financial year ended 31 December 2025), which are available on the SEC website at www.sec.gov.

Subject to the Issuer's obligations under the applicable laws and regulations of any relevant jurisdiction (including, without limitation, the UK and the US) in relation to disclosure and ongoing information, the Issuer undertakes no obligation to update publicly or revise any forward-looking statements, whether as a result of new information, future events or otherwise.";

(c) replace the last paragraph of the section entitled "*The Issuer, the Barclays Bank Group and the Group*" commencing on page 35 of the Registration Document with the following:

(g) amend certain information contained in the second paragraph of the sub-section entitled "*Ratings*" under the section entitled "*General Information*" commencing on page 38 of the Registration Document to read as follows:

"As of the date of this Registration Document, the short-term unsecured obligations of the Issuer are rated A-1 by Standard & Poor's[1], P-1 by Moody's[2], and F1+ by Fitch[3] and the long-term unsecured unsubordinated obligations of the Issuer are rated A+ by Standard & Poor's[4], A1 by Moody's[5], and AA- by Fitch[6].

[6] 'AA' ratings denote expectations of very low default risk. They indicate very strong capacity for payment of financial commitments. This capacity is not significantly vulnerable to foreseeable events. Within ratings categories, Fitch may use modifiers. The modifiers "+" or "-" may be appended to a rating to denote a relative status within major rating categories.";

(h) amend the first bullet point in the third paragraph in the sub-section entitled "*4. Regulatory change agenda and impact on business model*" under the section entitled "*Risk Factors*" commencing on page 5 of the Registration Document by replacing it with the following:

"the continued focus by regulators, international bodies, organisations and unions on how institutions conduct business, particularly with regard to the delivery of fair outcomes for customers, promoting effective competition in the interests of consumers and ensuring the orderly and transparent operation of global financial markets, including the FCA's motor finance redress schemes, the consumer duty in the UK, and the FCA's review of the provision of financial advice to consumers;";

(i) amend the sub-section entitled "*10. Legal risk and legal, competition and regulatory matters*" under the section entitled "*Risk Factors*" commencing on page 26 of the Registration Document as follows:

(1) the sixth and seventh paragraphs shall be replaced with the following:

"Following the landmark Supreme Court judgment in Johnson v FirstRand Bank Ltd (London Branch) (t/a MotoNovo Finance) [2025] UKSC 33, which found that an unfair relationship under the Consumer Credit Act 1974 existed between a motor finance lender and its customer based on the particular facts of that case, the FCA has been consulting on an industry-wide compensation scheme for affected motor finance customers. In March 2026, the FCA published its final rules giving effect to two redress schemes for eligible motor finance customers where a commission was payable by the lender to the broker (one scheme for each of the pre and post 1 April 2014 periods).

Barclays has decided not to challenge the FCA's final rules in the interests of enabling a swift resolution for customers. However, Barclays strongly disagrees with aspects which require financial redress even where customers suffered no demonstrable financial harm.

The FCA has confirmed that it has received legal challenges to the final rules. The legal and regulatory outcomes and the nature, extent and timing of any remediation action, therefore remain uncertain.

Further details of legal, competition and regulatory matters to which the Barclays Bank Group is currently exposed are set out in Note 12 (*Legal, competition and regulatory matters*) to the condensed consolidated interim financial statements of the Issuer on pages 42 to 46 of the Interim Results Announcement. In addition to matters specifically described in Note 12 (*Legal, competition and regulatory matters*), the Barclays Bank Group is engaged in various other legal proceedings which arise in the ordinary course of business."; and

(2) the last sentence of the last paragraph shall be replaced with the following:

"In light of the uncertainties involved in legal, competition and regulatory matters, there can be no assurance that the outcome of a particular matter or matters (including formerly active matters or those arising after the date of the Interim Results Announcement) will not have a material adverse effect on the Barclays Bank Group's business, results of operations, financial condition and prospects.";

(j) replace the sub-section entitled "*Significant Change Statement*" under the section entitled "*General Information*" on page 38 of the Registration Document with the following:

"There has been no significant change in the financial position or financial performance of the Issuer or the Barclays Bank Group since 30 June 2026."; and

(k) replace the section entitled "*Appendix*" commencing on page 40 of the Registration Document with the following:

"APPENDIX

What are the key risks that are specific to the Issuer?

The Barclays Bank Group has identified a broad range of risks to which its businesses are exposed. Material risks are those to which senior management pay particular attention and which could cause the delivery of the Barclays Bank Group's strategy, results of operations, financial condition and/or prospects to differ materially from expectations. Emerging risks are those which have unknown components, the impact of which could crystallise over a longer time period. The factors set out below should not be regarded as a complete and comprehensive statement of all the potential risks and uncertainties which the Barclays Bank Group faces. For example, certain other factors beyond the Barclays Bank Group's control, including escalation of global conflicts, acts of terrorism, natural disasters, pandemics and similar events, although not detailed below, could have a similar impact on the Barclays Bank Group.

- **Material existing and emerging risks potentially impacting more than one principal risk:** In addition to material and emerging risks impacting the principal risks set out below, there are also material existing and emerging risks that potentially impact more than one of these principal risks. These risks are: (i) potentially unfavourable global and local economic and market conditions, as well as geopolitical developments; (ii) the impact of interest rate changes on the Barclays Bank Group's profitability; (iii) the competitive environments of the banking and financial services industry; (iv) the regulatory change agenda and impact on business model; (v) change delivery and execution risks; (vi) M&A and strategic initiatives; (vii) card partnerships and (viii) evolving landscape with respect to artificial intelligence (including generative and agentic AI) and machine learning technologies.

- **Climate risk:** Climate risk is the risk of financial losses arising from climate change, through physical risks and risks associated with transitioning to a lower carbon economy.

- **Credit and Market risks:** Credit risk is the risk of loss to the Barclays Bank Group from the failure of clients, customers or counterparties, including sovereigns, to fully honour their obligations to the Group. The Group is subject to risks arising from changes in credit quality and recovery rates for loans and advances due from borrowers and counterparties. Market risk is the risk of loss arising from potential adverse changes in the value of the Barclays Bank Group's assets and liabilities from fluctuation in market variables.

- **Treasury and capital risk and the risk that the Issuer and the Barclays Bank Group are subject**

to substantial resolution powers: There are three primary types of treasury and capital risk faced by the Barclays Bank Group which are (1) liquidity risk – the risk that the Barclays Bank Group is unable to meet its contractual or contingent obligations or that it does not have the appropriate amount of stable funding and liquidity to support its assets, which may also be impacted by credit rating changes; (2) capital risk – the risk that the Barclays Bank Group has an insufficient level or composition of capital to support its normal business activities and to meet its regulatory capital requirements under normal operating environments and stressed conditions; and (3) interest rate risk in the banking book – the risk that the Barclays Bank Group is exposed to capital or income volatility because of a mismatch between the interest rate exposures of its (non-traded) assets and liabilities. Under the Banking Act 2009, substantial powers are granted to the Bank of England (or, in certain circumstances, HM Treasury), in consultation with the United Kingdom Prudential Regulation Authority, the UK Financial Conduct Authority and HM Treasury, as appropriate as part of a special resolution regime. These powers enable the Bank of England (or any successor or replacement thereto and/or such other authority in the United Kingdom with the ability to exercise the UK Bail-in Power) (the "**Resolution Authority**") to implement various resolution measures and stabilisation options (including, but not limited to, the bail-in tool) with respect to a UK bank or investment firm and certain of its affiliates (as at the date of the Registration Document, including the Issuer) in circumstances in which the Resolution Authority is satisfied that the relevant resolution conditions are met.

- **Operational and model risks:** Operational risk is the risk of loss to the Group from inadequate or failed processes or systems, human factors or due to external events where the root cause is not due to credit or market risks. Model risk is the potential for adverse consequences from decisions based on incorrect or misused model outputs and reports.

- **Compliance, financial crime risk, reputation, legal risks and legal, competition and regulatory matters:** Compliance risk is the risk of poor outcomes for, or harm to, customers, clients and markets, arising from the delivery of the Barclays Bank Group's products and services (conduct risk) and the risk to the Barclays Bank Group, its clients, customers or markets from a failure to comply with the laws, rules and regulations applicable to the Barclays Bank Group, as well as from divergence between jurisdictions. Financial crime risk is the risk that the Barclays Bank Group and its associated persons (employees or third parties) commit or facilitate financial crime, and/or the Barclays Bank Group's products and services are used to facilitate financial crime. Reputation risk is the risk that an action, transaction, investment, event, decision or business relationship will reduce trust in the Barclays Bank Group's integrity and/or competence. The Barclays Bank Group conducts diverse activities in a highly regulated global market which exposes it and its employees to legal risk arising from (i) the multitude of laws, rules and regulations that apply to the activities it undertakes, which are highly dynamic, may vary between jurisdictions and/or conflict (particularly in relation to issues perceived as politically sensitive, such as policies and initiatives around diversity, equity and inclusion or sustainability), and may be unclear in their application to particular circumstances especially in new and emerging areas; and (ii) the diversified and evolving nature of the Barclays Bank Group's businesses and business practices. In each case, this exposes the Barclays Bank Group and its employees to the risk of complaints, investigation or enforcement action, loss or the imposition of penalties, damages or fines from the failure of members of the Barclays Bank Group to meet applicable laws, rules, regulations or contractual requirements or to assert or defend their intellectual property rights. Legal risk may arise in relation to any number of the material existing and emerging risks summarised above.
