

THE MADISON

ROOFTOP

The Madison Rooftop is perhaps the most unique and iconic space in Bedrock's portfolio.

The multilevel outdoor space overlooks Comerica Park and provides picturesque views of Detroit's historic downtown architecture and entertainment district, creating a perfect backdrop for film and photo shoots.

The 7,000 square foot rooftop has modern furnishings, a covered catering area, a full-service bar, a dance floor, and a wraparound balcony, making the rooftop of this 100+ year old building the perfect setting to tie the knot, celebrate a milestone or connect with colleagues.
