

ONE WOODWARD

LOBBY + PATIO

The One Woodward Lobby is ideal for clients looking to host corporate, social and nonprofit events as well as film and photo shoots. With floor-to-ceiling windows spanning two stories, this riverfront space is decorated with unique artwork curated to complement the marblework and clean lines. The building was designed by the world-famous architect Minoru Yamasaki, who also designed the original World Trade Center in New York City.

The 5,000-square-foot lobby flows into a sprawling, wraparound patio that creates a dynamic indoor-outdoor experience. The space is conveniently located near Huntington Place (formerly Cobo Center), Renaissance Center, Spirit Plaza and Hart Plaza.
