Account name:		
Tide Instant Saver Account		
What is the interest rate?		
<p>The interest rate applicable to your Tide Instant Saver Account is a variable rate and is equal to the published Bank of England Base Rate (gross) minus a certain percentage, determined by Tide (the “<b>Tide Margin</b>”). The current Tide Margin can be found in the tables below. The currently applicable Bank of England Base Rate is 4.50% (gross). The applicable Bank of England base rate can be found here: <a href="https://www.bankofengland.co.uk">https://www.bankofengland.co.uk</a>.</p> <p>During the <b>first six (6) months</b> of opening a Tide Instant Saver Account an introductory bonus rate as per the table below will be applied to your deposit:</p>		
Interest Rate p.a. during the first six (6) months promotional period		
Balance	Interest Rate p.a.	Tide Margin
Up to £100,000.00	3.86% AER / 3.80% gross	0.70% gross
Between £100,000.01 and £500,000.00	4.07% AER / 4.00% gross	0.50% gross
Between £500,000.01 and £1,000,000.00	4.38% AER / 4.30% gross	0.20% gross
Over £1,000,000.00	0.00% AER / 0.00% gross	not applicable
<p>The interest is applied in a <u>progressive tiered structure</u>, meaning that each portion of the deposit earns interest at the corresponding rate for that tier - rather than applying the highest interest rate to the entire deposit, <u>only the amount exceeding each threshold</u> earns the higher rate.</p>		

After the promotional period **ending six (6) months after opening** a new Tide Instant Saver Account, the interest rate applicable to your deposit will be based on the Tide Membership Plan you are on on the following day. In case you have connected a business current account provided by another bank or financial institution (a “**Non-Tide Account**”) to the Tide Platform and set this account as your Nominated Account (as defined further below), the interest rate applicable to the Tide Free Membership Plan shall apply to your deposit after expiry of the promotional period. Please see the tables below for the rate applicable to each plan.

1. Standard interest rate applicable to the Tide Free Membership Plan:

Interest rate after the 6-months promotional period		
Balance	Interest Rate p.a.*	Tide Margin
Up to £75,000.00	3.04% AER / 3.00% gross	1.50% gross
Over £75,000.00	0.00% AER / 0.00% gross	not applicable

2. Standard interest rate applicable to the Tide Smart Membership Plan:

Interest rate after the 6-months promotional period		
Balance	Interest Rate p.a.*	Tide Margin
Up to £100,000.00	3.55% AER / 3.50% gross	1.00% gross
Over £100,000.00	0.00% AER / 0.00% gross	not applicable

3. Standard interest rate applicable to the Tide Pro Membership Plan:

Interest rate after the 6-months promotional period		
Balance	Interest Rate p.a.*	Tide Margin
Up to £100,000	3.86% AER / 3.80% gross	0.70% gross
Between £100,000.01 and £150,000.00	4.07% AER / 4.00% gross	0.50% gross
Over £150,000.00	0.00% AER / 0.00% gross	not applicable

4. Standard interest rate applicable to the Tide Max Membership Plan:

Interest rate after the 6-months promotional period		
Balance	Interest Rate p.a.*	Tide Margin
Up to £100,000.00	3.86% AER / 3.80% gross	0.70% gross
Between £100,000.01 and £500,000.00	4.07% AER / 4.00% gross	0.50% gross
Between £500,000.01 and £1,000,000.00	4.38% AER / 4.30% gross	0.20% gross
Over to £1,000,000.00	0.00% AER / 0.00% gross	not applicable

\* Each tiered rate applies only to the portion of the balance within that range, not to the entire deposit. On balances up to the highest applicable threshold for each Membership Plan, you'll earn interest on the whole balance. If your balance is above this amount at any time you will not earn interest on the excess amount.

"AER" stands for Annual Equivalent Rate and illustrates the interest rate if it was paid and compounded once each year. "Gross" is the basic annual interest rate without considering compounding.

Interest is calculated daily, based on the balance available on your Tide Instant Saver Account at the end of the day, and paid monthly into your Tide Instant Saver Account on the first day of the month following the month in which the interest is earned.

Market conditions may result in negative interest being applied to your Tide Instant Saver Account. If this happens, instead of earning interest on the funds in your account, Tide will deduct interest from your account.

#### Can Tide change the interest rate?

Yes. As the interest rate is variable it can move up or down.

The interest rate can change at any time for the following reasons:

1. Tide can change the Tide Margin at any time and this will impact the interest rate you receive. Please also refer to the Tide Instant Saver Terms.
  - If we decide to increase the Tide Margin and your interest rate will decrease as a result, we will give you at least 14 days' notice in writing before the change takes effect.

- We don't have to give you prior notice if your interest rate increases because we decrease the Tide Margin. However, we will notify you about the change within 30 days of it taking effect.
2. In addition, each time the Bank of England Base Rate changes, the interest rate applicable to your Tide Instant Saver Account will also automatically change, in line with the increase or decrease in the Bank of England Base Rate. Please note that this might happen in addition to changes due to changes in the Tide Margin.
- The change will take effect from the day the Bank of England announces the change.
  - We do not have to give you prior notice of the change, but we will notify you about the change within 30 days of it taking effect.
  - The Bank of England Base Rate may be negative, which may result in a negative interest rate applying to your Tide Instant Saver Account.
