

BestCare4Dem

Sharing effective community-based support in Dementia

International Conference

7-8 June 2018

DeLaMar theater, Amsterdam

Programme

This conference offers an overview of the latest international insights into effective support for community-dwelling people living with dementia and their informal carers.

A special place is reserved for new day care facilities, such as Meeting Centres.

In addition to lectures, there are interactive sessions, an information market, film presentations and 'live' performances.
