

Call for expressions of interest

Fondazione Don Gnocchi is opening a call for expressions of interest for a position of “Biomedical Scientist”, who will be involved in our Research Hospitals in the area of Rehabilitation Medicine. We are looking for a motivated researcher interested in translational research and in clinical studies. The main task will be to support research projects, scientific reports and papers. We offer the opportunity to work in a collaborative environment, and to be integrated in clinical research teams to develop innovative rehabilitation protocols.

The successful candidate will be part of the Translational Research Technical Staff, and will develop and implement strategies for collecting, managing and analysing clinical scientific data related to translational research projects in Research Hospitals and Laboratories of Fondazione Don Gnocchi.

The biomedical data scientist will work collaboratively in activities that possibly include:

- data processing, analysis and reporting;
- developing and/or applying new tools for statistical data collection, and analysis by means of artificial intelligence and machine learning;
- support researchers in defining protocols, statistical requirements and analysis for clinical studies;
- supervise, mentor and support trainees and other biomedical scientists involved in translational research in research hospitals.

Candidates are requested to provide a detailed CV, presenting qualifications, competence and experience in biomedical data science.

Salary will be defined according to experiences and candidates profile.

To complete your application, please send your CV, along with a cover letter and copies of your university degrees certificates to sorvieto@dongnocchi.it, indicating ref. BIOMEDICAL SCIENTIST 2019.

Applications deadline 31/07/2019.
