Sample Itinerary

Schoolies Unearthed Borneo

DAY 1: Depart Australia arrive Kota Kinabalu

Welcome to beautiful and rugged Borneo! Settle in and begin to explore the bustling city of Kota Kinabalu with your Unearthed crew.

DAY 2: TAR Islands snorkelling

Kick off the adventure with a guided tour of tropical TAR Marine Park, known for its crystal clear waters and stunning islands. Grab a spot on the beach, chuck on some sunscreen and spend time snorkelling with amazing marine life. Return to Kota Kinabalu in the evening for the first of many dinners together!

DAY 3: Kota Kinabalu - Village community project

Time to head north! Depart Kota Kinabalu and begin the journey to the village where you'll start your community project. Take in the view of the incredible Mount Kinabalu along the way (the highest peak in South East Asia!) Upon arrival at the village, your team will be introduced to the locals and have the chance to settle into rustic sleeping quarters in a traditional style longhouse. You'll also receive an orientation before commencing your community project after lunch.

DAY 4: Village community project

The focus of your community project will vary depending on community needs, but previous Unearthed teams have helped repair a footbridge over the mangroves, assisted in the construction of a classroom and helped build a long house for village members. Get stuck in and feel a sense of reward as you make progress day by day.

DAY 5: Village community project

Continue working on your project, assisted by local community members. Play games with the kids at the end of the day and exchange language lessons with the elders in the community if you wish. Immerse yourself in this incredible environment! In the evenings cool off by taking a short walk to some of the best coastline in Borneo for a swim.

DAY 6: Travel to Lupa Masa Jungle Camp

After breakfast and saying goodbye to your new friends, you'll head to Lupa Masa Jungle Camp! Here you'll enjoy a jungle walk, swim in a waterfall pool or just relax in a hammock in your eco hut accommodation.

DAY 7: Jungle camp survival course

Get your 'jungle on' by participating in a jungle survival course! Use tools to make a variety of necessities to survive in the jungle (and boast about your new skills back home)! The team will spend the night at Lupa Masa in tents on raised platforms. Weather permitting, there will be a guided night walk and relaxing under the stars. Pretty magical.

DAY 8: River cruise, monkeys and fireflies

Head north again and relax on an awesome river cruise. Look out for Borneo's famous Proboscis Monkeys and river wildlife as you cruise along the river. As the sun sets, the team will also get to see fireflies through the trees! After dinner, head back to Kota Kinabalu.

DAY 9: Explore Kota Kinabalu

Time to explore the bustling city of Kota Kinabalu for your final day! Hit the markets and make some purchases for friends and family back home. Celebrate your achievements with your Unearthed crew!

DAY 10: Time to head home!

Pack your bags, say your final goodbyes and make your way to the airport. That's a wrap folks!
