“

When a teacher gives a feedback point on ClassDojo, it calls PubNub and sends a popup. Since we started, we have sent over a billion of those—all through PubNub. PubNub allows us to scale up to hundreds of thousands of concurrent connections with no problems at all.

Liam Don
Co-Founder and CTO
at ClassDojo

TRUSTED BY LEADING COMPANIES ACROSS THE GLOBE

Over 2000 companies worldwide choose PubNub because we provide a comprehensive set of core building blocks to easily create interactive and connected experiences that are secure, scalable, and reliable. Looking to learn more about building with PubNub? [Get in touch with our team.](#)
