CAREER SUMMARY

Growin (growin.com) – Lisbon, Portugal

Frontend Engineer (IT Consultant) / February 2022 - Current

Working at an open banking's startup from UK, called Yapily.com, as a Frontend Engineer using mostly ReactJS with NextJS, Unit testing with Jest and React Testing Library, and Contentful CMS as headless CMS for the Yapily's website.

Aeronet Communications (aeronet.net) – Portland, Oregon, United States

Remote Full Stack Developer / August 2017 – February 2022

Working mostly with Drupal, WordPress, jQuery and ReactJS for several Organizations and Colleges from California and Oregon.

Federal University of Ceará (<http://ccv.ufc.br/>) – Fortaleza - Ceará, Brazil

Web Developer & Tech Lead / September 2009 – September 2017

As Web Developer, mostly using PHP, MySQL, jQuery and Linux Servers. And as Tech Lead, I've made some changes in the development environment, bringing new technologies to improve performance and security, such as Docker, Docker Compose, Nginx Proxy and Laravel PHP.
