

Chobani™

Chobani Yogurt in the Child and Adult Care Food Program (CACFP)

At Chobani, we believe that food is a force for good. We are committed to providing nutritious, delicious food made with only natural ingredients to more people, including those who participate in the United States Department of Agriculture's (USDA) Child and Adult Care Food Program (CACFP).

As of October 2017, the requirements for meals served in the program have been updated to better reflect a healthy eating pattern. Yogurt is now eligible to be served as a meat alternative as part of the program. Here are a few guidelines for serving yogurt in the program:

- All plain yogurts are eligible;
- Flavored yogurt must contain no more than 23 grams of sugar per 6 ounces;
- There is no fat restriction for yogurt: whole-fat, low-fat, or fat-free yogurts may be served;
- Yogurt may be served in place of milk once per day (for adults only).

It's easy to determine if a yogurt is eligible by reviewing the nutrition facts label and using the table below:

If the serving size is:	Sugar cannot exceed:
2oz	7g
3.5oz	13g
4oz	15g
5.3oz	20g
6oz	23g
8oz	31g

Chobani yogurts eligible within the CACFP:

4oz Greek

5.3oz Greek

Kids Tubes

5.3oz Smooth

More about Chobani yogurt

Every Chobani product is a commitment to crafting yogurt the right way, using only natural, non-GMO ingredients, including real fruit and locally sourced milk without preservatives or artificial flavors.
