

## Innovate With Us

Our employees volunteer their time and skills, and we leverage our corporate resources and Audible catalog, to advance student achievement, talent development and economic empowerment globally. If you have a community engagement opportunity that you believe would benefit from Audible volunteers, we're interested in connecting with you. When complete, email this application to [globalcenter@audible.com](mailto:globalcenter@audible.com).

☐ **Consent:**

*By checking this box, I hereby accept and agree to [Amazon's Privacy Notice](#) and affirm and consent that Audible may use, process, store and share all information, including personal data, I provide to Audible as part of this application for purposes of the application and execution of the project.*

This idea is aligned with one or more of the following core missions in the communities where Audible is based.

*Check one or all that apply.*

- ☐ **Education** | *student or local talent development through mentorship, workshops, career or professional development activities such as resume review or mock interviewing, etc.*
- ☐ **Neighborhood making** | *streetscape improvements, public park renovations, opportunities around attracting and retaining businesses, etc.*
- ☐ **Economic development** | *small businesses support or activation opportunities that may include driving local spend, mentoring, workshops, panels around legal, P&L, marketing or branding skills*
- ☐ **Amplifying and elevating underrepresented communities or voices** | *opportunities to uplift the underrepresented through innovative solutions*
- ☐ **Equity and racial justice** | *opportunities to advance equity in the communities we're in through targeted initiatives and programming*
- ☐ **Disasters and emergency relief**, where appropriate

Please describe the volunteer idea, opportunity, and/or event for consideration and collaboration and how it aligns with one or more of Audible's core mission areas.

Will this idea be a one-off event or is there ongoing need?

Anticipated project length:

How many people do you anticipate this effort will reach?

Please describe the impact this idea, opportunity, or event will have in the community.

*Examples of impact measures should include reach of those being served and impacted, hours of service, etc. Please be as specific as possible and include as much data that can be measured.*
