3. Queensland Play 9 National Final Representatives

There are two methods by which Queensland affiliated golfers qualify for the Play 9 National Final:

First method:

- a) At the end of the qualifying period (30 September 2022), two winners (one woman/one man) will be selected at random from those who have entered the competition. One regional club and one metropolitan club will be selected at random, with one player from each of those clubs then selected at random.
- b) If for any of the categories listed in 3.a) there is no eligible player, the Championship Play Committee will determine how the qualifier will be determined.

Second method:

- a) Eighty (80) players will be selected at random to contest the Queensland Play 9 State Final:
 - At the end of each month (July, August and September) thirteen (13) men's scores and thirteen (13) women's scores will be selected at random from all those who have participated in the competition in the respective month. The selected players will be notified by Golf Australia that they have qualified for the State Final and must enter the State Final within 14 days of being notified. Failure to enter will result in their position being awarded to the next available player.
 - If the field is not full following the monthly draw the remainder of the players to make up the full state final field will be selected at the end of the qualifying period (30 September) from all those players who have contested the event in the qualifying period.

Notes: The selected players will be notified via email within two (2) weeks of their selection.

The field may also include up to four (4) players as nominated by the Queensland Play 9 State Final host club.
