When recruiting new directors:

- (a) The Governance and Nominating Committee will, subject to the Shareholders' Agreement, identify candidates for consideration as potential directors and select the names of the most suitable candidates. Such selection will be made based on merit after considering the skill sets and required attributes as prioritized by the Governance and Nominating Committee (with input from the Chair, Lead Director and the CEO, as requested) from time to time as well as considering the Board Diversity Policy (set out in Appendix N). The Governance and Nominating Committee may use the services of outside consultants in searching for or doing background checks on candidates.
- (b) The Governance and Nominating Committee will maintain a list of potential directors who meet the established criteria and review such list as needed in order to track progress and identify suitable candidates. Board members, many of whom serve on other corporate boards, are encouraged to submit names.
- (c) As requested by the Governance and Nominating Committee, the Chair, Lead Director and the CEO, as well as any other directors the Committee deems appropriate, will interview the candidates. Following receipt of the reports of the Chair, Lead Director and the CEO as to such interviews, the Governance and Nominating Committee will then make such recommendations as it deems appropriate to the Board.

2. Director Criteria

In addition to meeting the requirements of the Company's charter documents, the **Business Corporations Act** (British Columbia) and any successor thereto, and any applicable securities laws:

- (a) The Governance and Nominating Committee will consider the independence of the candidate. A director will be considered "independent" only if the Board determines that the director satisfies all the tests for an Independent Director for board service generally.
- (b) The Governance and Nominating Committee will consider the requirements and/or guidelines of the Company's director policies (including, for example, the term limit and attendance policies and director change in circumstances).

Subject to the terms of the Shareholders' Agreement, the process outlined below illustrates the steps the Governance and Nominating Committee should follow in establishing the criteria a new director must meet:

- (c) The Governance and Nominating Committee will consider the Company's current corporate and strategic objectives and determine what knowledge and experience new directors should have to best enhance the Company's corporate and strategic objectives.

- (d) The Governance and Nominating Committee will conduct a skills assessment of the current Board by reviewing the background, experience and skills of each director, including diversity considerations.
- (e) Based on the review conducted in steps 2(c) and 2(d), the Governance and Nominating Committee will conduct a skills gap analysis to prioritize the criteria for new directors which will complement the current Board and assist in addressing any gap in background, experience or skills.

Appendix J — Director compensation and share ownership criteria

1. Introduction and Philosophy

The Company will compensate directors in consideration of the services provided by such directors and in recognition of their responsibilities to the Company and certain subsidiary companies, and potential liabilities associated therewith.

Compensation should be reviewed by the Governance and Nominating Committee every two years with any changes to be recommended for approval by the Board. Generally, overall compensation should be targeted at the 50th percentile within a comparator group of companies of comparable size.

2. Director's Fee

2.1. Basic Compensation

Directors are entitled to receive compensation as outlined in the table below. However, the CEO shall not receive compensation for their service as a director, above the compensation received in their capacity as the CEO. Cash retainer payments will be made quarterly and adjusted proportionately for appointments or resignations within any quarter. Directors are also entitled to receive an annual equity grant in the form of shares as outlined in the table below. The annual equity grant will occur when the Board makes its annual grants in the ordinary course. A new director elected at a date other than an annual general meeting will receive a prorated equity grant during the first year on the Board. A director who leaves the Board during the year after receiving an annual equity grant shall keep that grant in its entirety.

Role	Compensation		
	Cash Retainer	Equity	Total
Independent Directors, including committee service	\$80,000	\$150,000	\$230,000
Non-independent Directors	--	\$230,000	\$230,000
chair of Audit Committee ¹	--	\$25,000	
chair of Human Resources and Compensation Committee ¹	--	\$20,000	
chair of Governance & Nominating Committee ¹	--	\$15,000	
Chair and Lead Director of the Board of Directors ²	\$150,000	\$200,000	\$350,000

- (1) Amounts are incremental to cash retainer and equity.
- (2) No incremental cash retainer or equity award if the Board Chair or Lead Director is also a committee chair.

These payments are made to directors for attendance at Board and committee meetings of the Company. Additional meeting fees may be payable as outlined in section 2.2 below. Directors of the Board will not receive options.

2.2. Method of Compensation

All compensation paid to directors shall be paid in USD for US resident directors and in CAD for Canadian resident directors. Non-independent directors shall receive their compensation fully in the form of two-year vesting share settled RSUs.

3. Share Ownership

Each director, including the Chair and Lead Director, is required to attain a level of share ownership of at least 5x the cash retainer (i.e. 5x \$80,000 for all directors). Each non-independent director is required to attain a level of share ownership of at least \$400,000, in either CAD or USD based on their country of residency.

The levels of share ownership outlined in this section are to be achieved within five years of the later of: (a) February 2, 2021 (the date of the Company's IPO) and (b) the director's appointment or election to the Board. Share ownership includes shares and Deferred Share Units.

Ownership requirements specified in this section are not incremental to the ownership requirements applicable to the CEO in their capacity as the CEO of the Company. The CEO shall be required to meet the higher of these obligations.

The market value of each director's equity position will be determined annually as of December 31 in any year.

A director who fails to satisfy the share ownership criteria within five years of election will be required to continue to hold 50% of the net after tax value of the Company shares received from any equity award until the ownership criteria is met.

4. Directors' Expenses

A director must incur expenses and shall be eligible for expense reimbursement in accordance with the TELUS International (Cda) Inc. Directors' Expense Policy.

5. Directors' Indemnification

Subject to applicable laws and the charter documents of the Company, the Company will indemnify all directors for claims, legal costs or losses sustained as a result of actions against the directors in respect of their activities as directors of the Company or its subsidiaries. The indemnification will extend to former directors for actions carried out during a former director's term of office. In support of the indemnification, the Company will acquire sufficient liability insurance as determined by the Company. As well, the Company will enter into indemnity agreements with each director, which set out in further detail the extent of such indemnification.

The form of indemnity agreements will be reviewed by the Governance and Nominating Committee with any material changes recommended to the Board for approval.

Appendix K — CEO review process

The directors' assessment of the CEO will be consolidated by the chair of the Human Resources Committee with the assistance of the external compensation consultant, if necessary, and presented to the Human Resources Committee. The chair of the Human Resources Committee will subsequently discuss the assessment with the Chair of the Board. Appendix M — Majority voting policy

In an uncontested election of directors of the Company, each director should be elected by the vote of a majority of the shares represented in person or by proxy at any shareholder's meeting for the election of directors. Accordingly, if any nominee for director receives a greater number of votes "withheld" from their election than votes "for" such election, that director shall promptly tender their resignation to the Chair of the Board of Directors following the meeting. In this policy, an "uncontested election" means an election where the number of nominees for director equals the number of directors to be elected.

The Governance and Nominating Committee shall consider the offer of resignation and recommend to the Board whether or not to accept it. Any director who tenders their resignation may not participate in the deliberations of either the Governance and Nominating Committee or the Board. In its deliberations, the Governance and Nominating Committee will consider any stated reasons why shareholders "withheld" votes from the election of that director, the length of service and the qualifications of the director, the director's contributions to the Company, the effect such resignation may have on the Company's ability to comply with any applicable governance rules and policies and the dynamics of the Board, and any other factors that the Committee considers relevant.

The Board shall act on the Governance and Nominating Committee's recommendation within 90 days following the applicable meeting and announce its decision via press release, after considering the factors considered by the Governance and Nominating Committee and any other factors that the Board considers relevant. The Board shall accept the resignation except in situations where extenuating circumstances would warrant the director to continue to serve on the Board. However, if the Board declines to accept the resignation, it should include in the press release the reasons for its decision.

If a resignation is accepted, the Board may, in accordance with the Business Corporations Act (British Columbia) and the Company's articles, appoint a new director to fill any vacancy created by the resignation or reduce the size of the Board. If a director does not tender their resignation in accordance with this policy, the Board will not re-nominate that director at the next election.

Appendix N — Board diversity policy

The Company is committed to fostering an environment that is diverse and inclusive and facilitates a broad range of perspectives. The Board believes that a board comprised of highly qualified directors from diverse backgrounds who reflect the communities where we live and work and the customers that we serve is essential in promoting better corporate governance.

The Governance and Nominating Committee, which is responsible for recommending director nominees to the Board, considers candidates on merit based on a balance of skills, background, experience and knowledge. In this process, the Governance and Nominating Committee will consider diversity criteria, such as gender, age, ethnicity/aboriginal status and geographic background. In addition, the Governance and Nominating Committee may engage qualified independent external advisors to conduct a search for candidates that meet the Board's skills and diversity criteria to help achieve its diversity objectives. On an annual basis, the Governance and Nominating Committee will recommend to the Board for adoption measurable objectives for achieving Board diversity and inclusiveness in accordance with this policy.

Prior to the Company's 2023 annual general meeting and thereafter, the Board shall seek to attain a Board composition in which at least 30 percent of the Board members are women. In addition, the Board will target to achieve greater geographic, age, and ethnic diversity.

The Company believes promotion of diversity is best served through careful consideration of all of the knowledge, experience, skills and backgrounds of each individual candidate for director in light of the needs of the Board without focusing on a single diversity characteristic. When assessing the composition of the Board, the principal focus is on ensuring the Board has the diverse experiences, skills and backgrounds needed to oversee collectively the business of the Company and the Company takes a balanced approach when considering the extent to which personal characteristics are taken into account.

The Governance and Nominating Committee will assess the effectiveness of this policy annually and recommend as required amendments to the Board for approval.

Appendix O — Shareholder engagement policy

The Board of Directors of the Company believes in the importance of open and constructive dialogue with our shareholders. To facilitate such engagement, this policy outlines how the Board may communicate with shareholders, how shareholders can communicate with the Board, and provides an overview of how management interacts with shareholders.
