

Get paid on time, every time with GoCardless and Sage 50

The simpler way to collect recurring payments by Direct Debit.

Improve your cashflow

Take control of your payments and make sure you get paid on time, every time.

Reduce admin

Spend less time chasing and reconciling payments and more time running your business.

Quick and simple online setup

Setting up your account and adding your customers is simple and paperless.

Deep integration into Sage 50

Integration into both Sage 50 and Sage 50c allows seamless payment collection and automatic reconciliation against your invoices.

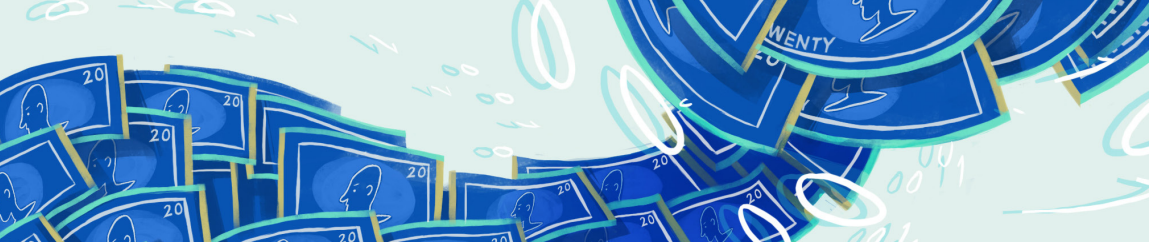

Low transparent pricing

Just 1% fees capped at £2 (min 20p) with no hidden costs.

Join 25,000 businesses using GoCardless every month

3 simple steps to make sure you get paid on time, every time:

- 1 Select the Direct Debit manager in the toolbar of your Sage 50 account to get started with GoCardless.
- 2 Quickly invite your customers to sign up to Direct Debit online or import existing GoCardless customers.
- 3 Start collecting payments each time you create an invoice.

Sit back and watch your invoices get paid and reconciled hassle-free.

// This is great news for businesses like ours that run on Sage and collect payments with GoCardless. Anything that enables us to increase efficiency and cut costs allows us to deliver an even better experience for customers."
