

Account Verification Service Account Holder Terms of Use

1. What are these terms and who do they apply to?

- 1.1 These terms (**Terms**) apply to you (**you, your**) when you use the account verification service (**Account Verification Service**) provided by GoCardless Ltd (**GoCardless, we, us, our**) to verify your ownership of a bank account for the purposes of sharing such information with a merchant that we also have a relationship with (**Merchant**). Every time you use the Account Verification Service you must agree to the Terms in force at that time, so please make sure you read them carefully each time. If you do not agree to these Terms, you cannot use the Account Verification Service.
- 1.2 We may use machine software to translate these Terms and elements of the Account Verification Service into other languages for your convenience. This is for information purposes only and is not legally binding. In the event of any conflict between these translated versions and any other language version, this version will prevail.

2. What is the Account Verification Service?

- 2.1 The Account Verification Service is an account information service where we access information from your bank account(s) (**Account Information**) on your behalf and share it with a Merchant so they can verify your identity. You must give us your explicit consent before we can provide the Account Verification Service to you. The Account Information accessed by GoCardless is provided, with your explicit consent: (i) to you directly; and/or (ii) as instructed by you, through a platform (website or application), to the Merchant and/or third parties as applicable.

3. When will you use the Account Verification Service?

- 3.1 You will use the Account Verification Service when a Merchant requires verification of your identity in connection with a service they are providing to you (**Merchant's Service**).

4. How does the Account Verification Service work?

- 4.1 You will be able to access the Account Verification Service through GoCardless' website.
- 4.2 In order to use the Account Verification Service you will be asked to provide your explicit consent for us to carry out the Account Verification Service and will be asked to select your account servicing payment service provider (for example your bank or another financial institution with which you have payment accounts) (the **Bank**).
- 4.3 We will also display the details of the Account Information you wish to share with us and the Merchants.
- 4.4 You will then be redirected to your Bank who will authenticate you by asking you to provide your payment account login and security details (the **Security Details**). Once your Bank has authenticated you, we will be able to access your Account Information as per your instructions. You will then be redirected to GoCardless' website, and we will confirm that we have successfully accessed the Account Information you want to share with the Merchant.
- 4.5 Access to your Account Information is granted on a one-off basis for a single 24-hour period only.
- 4.6 GoCardless does not guarantee the availability and quality of any elements of the Account Verification Service that are outside of GoCardless's control, including, but not limited to, the contents of your Account Information, availability of Account Information and other elements which are under your Bank's control.
- 4.7 When accessing and using the Account Verification Service through Merchant websites or

applications you will also be subject to the Merchant terms and conditions, which shall govern your use of the Merchant's Services.

4.8 You acknowledge that provision of the Account Verification Service is dependent on: (i) your Bank providing access to your Account Information; and (ii) the validity of your consent to access the Account Information.

4.9 You acknowledge that the Account Verification Service is provided by GoCardless; however, the identity verification itself is conducted solely by the Merchant with reference to the Merchant's Service. While GoCardless facilitates the sharing of your bank account details via the Account Verification Service with the Merchant for this purpose, GoCardless accepts no responsibility for how the Merchant conducts its verification or any outcomes arising from it.
