PGE, P.O. Box 4404, Portland, OR 97204

1. New renewables come from generation facilities that first began commercial operation within the past 15 years.
2. In the unlikely case that there is a shortfall in electricity generation from program facilities, PGE may provide customers with renewable energy credits ("Replacement RECs") that are not eligible for certification within the program.
3. We will annually report to you before August 1 of next year in the form of a Historical Product Content Label the actual resource mix of the electricity you purchased.
4. Preliminary amounts based on energy served to retail customers within the State of Oregon, as required by the Oregon Department of Environmental Quality (ODEQ). Some or all of the renewable energy attributes associated with PGE's Basic Service Mix may be sold, claimed or not acquired.
