

# 2024 Heat pump offer

## Details and conditions

This offer is available for ducted and ductless heat pump systems sold to PGE customers who own their home and are the customer of record located in PGE's service territory where the system is installed.

Details of the offer are as outlined:

- Customer receives a \$200 instant discount courtesy of a PGE-approved contractor. See the below list of participating contractors.
- Participating contractors are offering the following special offers from **July 1, 2024 to August 31, 2024**:
  - **Ducted heat pump offer:**
    - Install a new Daikin Complete Fit Inverter System and receive the air handler unit for free. Value up to \$2,000 for qualifying free air handler systems.
  - **Ductless heat pump offer:**
    - Get up to 50% off, a value of up to \$2,000 off, on the Daikin ductless outdoor unit. Model numbers included go up to 2MXL18W max.
- **If customer's heat pump replaces electric heat** in the main area of the home, customer may receive up to [\\$3,000 cash incentive](#) for a ducted heat pump and up to [\\$1,800 cash incentive](#) for a ductless heat pump from Energy Trust of Oregon.
- If an extended capacity heat pump is installed, the maximum cash incentive may be even more. For example, a customer who qualifies for [Energy Trust's Savings Within Reach](#) or a landlord installing into a rental may qualify for an incentive of up to \$2,900 from the Energy Trust.
- **Not every installation will qualify for Energy Trust cash incentives and some installations may qualify for cash incentives of lesser or greater value.** Consult Energy Trust and a participating PGE-approved contractor for details. Cash incentives are subject to change.
- Financing options available through PGE-approved contractors.
- Offers are available for other system types; systems will be customized to best meet you and your home's needs. Consult a participating PGE-approved contractor for details.

Customer must install a qualifying heat pump system and choose from the following ducted or ductless models and participating contractors:
