

PGE Renewable Development Fund

Press Release Template | 2023

For newsworthy project updates and announcements, consider distributing a press release. Please use suggested messaging in the Communications Toolkit, and don't forget to recognize Green FutureSM customers.

Feel free to personalize however you see fit, and we hope this is a helpful starting point. Please keep the PGE quote as-is but reach out if you have any questions or additional requests.

If you plan to do any media outreach, please reach out to Allison Dobscha with the PGE Communications team (allison.dobscha@pgn.com) before proceeding so we can ensure we aren't duplicating or overlapping efforts. Thank you!

[Recipient organization name] awarded funding for [vehicle / project / program] through PGE's Renewable Development Fund

[Month and date], 2022

[City], Ore. - [grant recipient organization] is excited to announce that it was selected by Portland General Electric's 2022 Renewable Development Fund to receive a grant for [describe project, program].

[RDF recipient quote]

The Renewable Development Fund, which awards grants for clean energy projects in the community, is fully funded by PGE's Green FutureSM customers, a group of more than 225,000 people choosing renewable energy. Since the program's inception in 1999, Green Future customers have helped fund more than 16.6 Megawatts of new, local renewable energy generation.

[Approved quote from Portland General Electric]: "Portland General Electric appreciates the leadership of our partners who are driving creative, renewable energy solutions for our community," said Gregg Arntson, senior director of the Community Impact team at PGE. "It will take all of us working together to make our vision for a clean future a reality. This project is a great example of the types of partnerships that will get us there."

[grant recipient organization] is excited to partner with PGE to accelerate the transition to a cleaner Oregon through [project / program]. [Describe project / program, including metrics that demonstrate its potential impact for the community] [Describe timeline for the project]

[RDF Recipient organization boilerplate]

About Portland General Electric Company: Portland General Electric (NYSE: POR) is a fully integrated energy company that generates, transmits and distributes electricity to over 900,000 customers in 51 cities across the state of Oregon. For more than 130 years, Portland General Electric (PGE) has powered the advancement of society, delivering safe, affordable, reliable and increasingly clean energy. To deliver on its strategy and meet state targets, PGE and its approximately 3,000 employees are committed to partnering with stakeholders to achieve at least an 80% reduction in greenhouse gas emissions from power served to customers by 2030 and 100% reduction by 2040. PGE customers set the standard for
