Meeting Outcomes

Our intention is that by the end of today's meeting, CBIAG members:

- Have insight into what they can expect during CBIAG meetings over the next few months
- Provide input regarding the HB 2021 topic areas

Welcome and Introductions

Please state your name and pronouns (if you choose)

Please share what organization(s) you represent, if any

Pick an object you have with you and talk about why it's important to you

Facilitation Style & Group Agreements

- Take care of your personal needs as they come up, let facilitator know if you need to step away
- This is a learning space for everyone
- Participate by sharing your responses in the chat, taking written notes, or by raising your hand to speak
- Welcome diverse perspectives; it's okay to disagree
- Facilitator will call on people to speak. This will be done in a way that centers our equity priority communities and not in first come, first serve
- I will use facilitator's privilege and may need to gently interrupt to have you close out your comments and move the meeting forward
- Move up your talking or move up your listening
- Assume and have good intentions
- Any others you all want to add?

Modified Consensus Decision Making Model

Which best describes your level of agreement?

Proposed Temperature Check Model

- Best used for in-person meetings
- Participants will be given physical cards - red, yellow, green
- Visual temperature check to see if the discussion is headed in the right direction, or if we need to pause and get feedback from those with a yellow or red card
