

# Clean Wind<sup>SM</sup> price, terms and conditions

## Company:

Portland General Electric (PGE)

## Who should I contact for more information?

Visit [portlandgeneral.com/greenfuture](http://portlandgeneral.com/greenfuture), call 800-542-8818, email [greenfuture@pgn.com](mailto:greenfuture@pgn.com) or write to Portland General Electric, P.O. Box 4404, Portland, Oregon 97204.

<b>What is the contract length?</b>	Clean Wind contract is month to month.
<b>How much will Clean Wind cost?</b>	\$2.50 per 200 kWh block of Clean Wind.
<b>Will my rates change over time?</b>	Clean Wind prices are based on current Oregon Public Utility Commission approved tariffs. Pricing is subject to change. All price changes require approval from the OPUC. Customers will be notified of any price change in advance.
<b>What are the enrollment options?</b>	Clean Wind is available in 200 kWh blocks at a cost of \$2.50 per Clean Wind block. A customer can elect to purchase as many as they wish, with a minimum purchase of one block. In order to enroll, customers may do so via self-service on PGE's website, via our call center on the phone, or in person via face to face outreach.
<b>What other fees might I be charged?</b>	You must also pay all applicable federal, state or local taxes.
<b>How will I be billed?</b>	Your Clean Wind charge will be listed as a separate line item on your monthly PGE electricity bill. This charge is in addition to your regular electricity bill.
<b>Can I cancel my participation?</b>	You can cancel at any time with no fee. There is no minimum contract length.
<b>If I want to terminate this agreement/contract, what is the early termination fee?</b>	You can cancel at any time with no fee. There is no minimum contract length.
<b>What is a REC product?</b>	Clean Wind is a Renewable Energy Certificate (REC) product and does not contain electricity. A REC is created when a megawatt hour of renewable energy is produced and delivered to the grid. RECs increase demand and drive development of more renewable energy sources. All RECs purchased on behalf of Clean Wind customers conform to Green-e® Energy National Standards and are registered with the Western Renewable Energy Generation Information System (WREGIS). Our customers' Clean Wind purchases support Western region-supplied new renewable energy.

Clean Wind is Green-e® Energy certified, and meets the environmental and consumer-protection standards set forth by the nonprofit Center for Resource Solutions. Learn more at [green-e.org](http://green-e.org).
