Portland, OR 97204

# CONSTRUCTION UPDATE

# To improve your service, construction will begin in your area soon

As we work toward Oregon's clean energy future, we're strengthening the energy grid to make it smarter, more efficient and more reliable for you. Among our many projects, we will be upgrading the power lines that connect our Blue Lake and McGill substations. As we work to complete tree trimming in this area, we are beginning construction to upgrade electrical equipment. In the coming months, you may see multiple crews performing work such as digging, installing foundations, pouring concrete, placing poles, spooling cable and more.

## What can you expect during this work?

You'll see crews from our contractor working in the areas highlighted on the map.

The new power lines will boost reliability and reduce the risk of outages in your area.

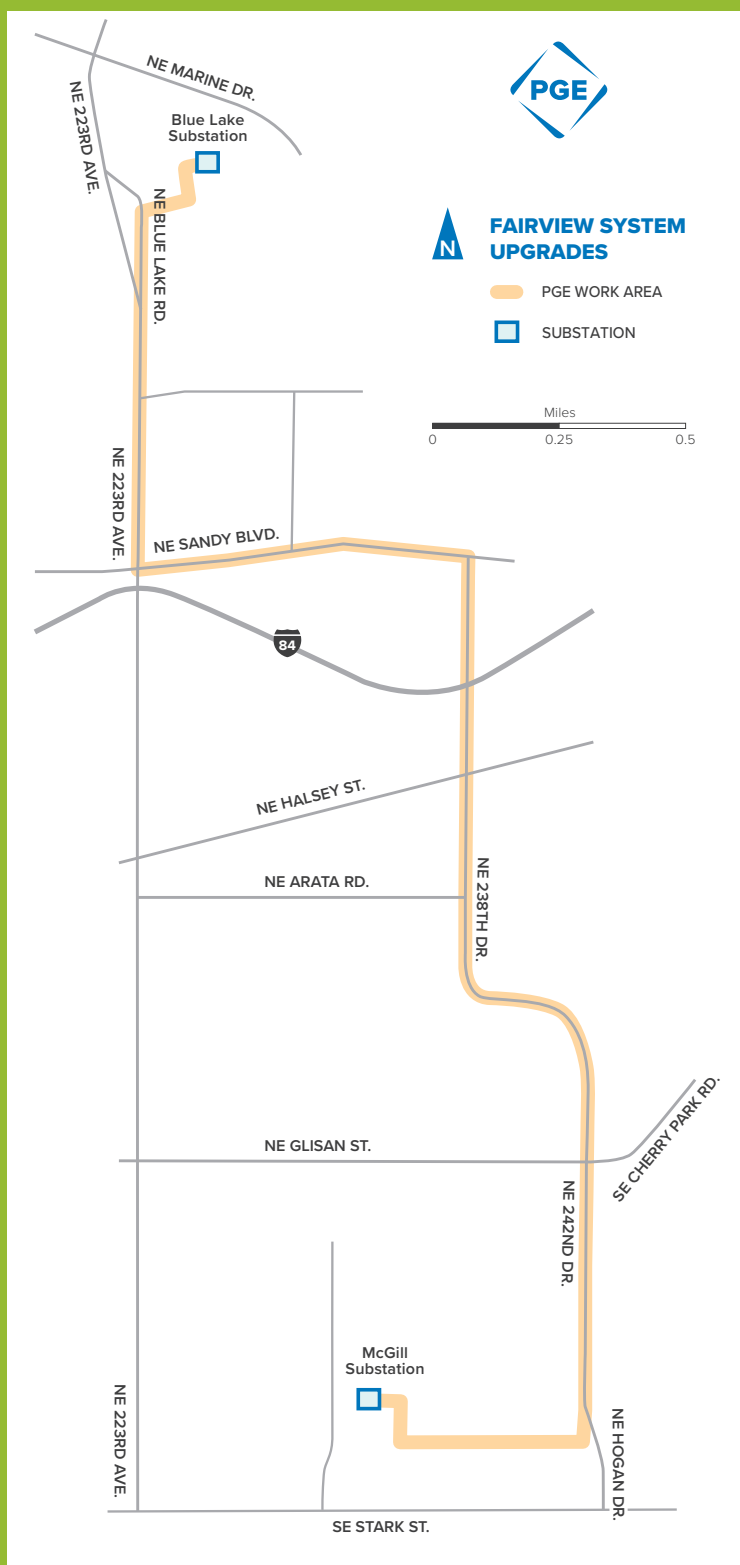

***We're taking steps to ensure your safety. Here's how you can help:***

- **Watch for temporary lane closures and detours.**  
Allow extra time for commuting through these areas.
- **Follow directions from any flaggers, detours and signs** used to keep drivers, cyclists, pedestrians and workers safe.
- **Watch for "no parking" signs.** To keep pedestrians and vehicles safe, we will reserve street parking spaces to make room for equipment and create a safety buffer around our work area.
- **Please avoid all work areas and equipment,** and make sure children know to never touch the equipment.

## Building a brighter energy future for you

This is just one of many projects we're working on to modernize the energy grid.

Thank you for your patience as we strengthen the energy grid.

## Construction schedule:

- **Spring through late 2020**
- **7 a.m. to 3:30 p.m., Monday through Friday**

*This schedule may change based on the needs of the project. While not expected, weekend and night hours may be required at times.*

If you have a question about how this construction may affect you, contact us at 503-612-3730 or visit [portlandgeneral.com/fairview](http://portlandgeneral.com/fairview).
