

Integrated Resource Planning

STAKEHOLDER FEEDBACK: June 2024

Received	Stakeholder	Question/Comment/Response
06/14/2024	Name Organization	<p>Bruce Landrey Landrey Global Advisors</p> <p>Not all of us are deep insiders. It would be extremely helpful and improve communication and understanding if the presenters would spell out acronyms and abbreviations before using them. There were several in the most recent presentations that were not in the list from the previous presentations. Similarly it would help if the presenters put some of their references into context. What, for example, is a ROSE - E? Thank you.</p> <p>RESPONSE</p> <p>Dear Stakeholder,</p> <p>We appreciate your participation in our roundtable discussion and your feedback on how we can make the presentations and content more useful and accessible to our stakeholders. Thank you for this reminder to prompt upcoming presenters to define acronyms they plan to use in their presentations. The final slide of each Roundtable presentation contains a current and regularly updated list of applicable acronyms. However, the names of the models we use in our analysis are not listed there. ROSE-E, which stands for Resource Option Strategy Engine, is a Portfolio Development model used in our IRP analysis. In future meetings where we discuss the IRP modeling process, we will do a better job of describing each model.</p> <p>Again, thank you for taking the time to help us improve our Stakeholder engagement process.</p>

We will share your questions and our answers in the next online stakeholder feedback pdf, posted in July. If you have any other questions, please let us know!

- CEP/IRP Team

Name

Brittany

Organization

Cascade Policy Institute

My name is Brittany and I am an Oregon State University Student working as an intern at Cascade Policy Institute. I attended the last distribution system workshop and am curious about PGE's Clean Energy Planning and Integrated Resource Plan. I have several questions and would appreciate talking to someone that can provide clarity. I am available to set up a phone call, zoom meeting, or to communicate via email. Is there anyone I could contact that could help?

RESPONSE

Dear Stakeholder,

Thank you for reaching out to our CEP/IRP team. We are happy to connect and answer questions. Would you please send us a list of your questions so we can direct them to the proper team members for answers? We will then have the appropriate team member reach out to set up a time to talk.

Thank you,

- CEP/IRP Team
