

## COMMERCIAL CHARGING STATION DATA RELEASE

Participant has enrolled in a Portland General Electric (“PGE”) electric vehicle program (the “Program”). Participant understands that, as a condition to participation in the Program, Participant is required to authorize the selected electric vehicle charging network service provider (the “Provider”) to release a specified set of charging data (“Data”) generated through use of charging stations supported and/or incentivized by this Program through assigning rights to the charging station or providing direct access to utilization of the data via API or other means. PGE will use the information (a) to operate, administer, market, evaluate, analyze, change or improve the Program and its utility service, (b) to prepare and present general, aggregated or anonymized results and information about the Program to third parties, including governmental entities such as the electricity system regulatory bodies, and (c) to understand and evaluate use and habits and to inform the development and creation of utility programs and load planning. PGE may also publish information containing the Data as long as the information is presented in an aggregated, anonymized format. Data will be retained by PGE for an indefinite amount of time. Participant hereby releases and discharges PGE and Provider from any and all liability, claims or causes of action arising out of or in connection with this release and use of Data.
