

Supplier Diversity

General rules

PGE is committed to promoting diversity and economic development in the communities we serve. One way of demonstrating this is by ensuring equal opportunity in all competitive bid events for qualified minority-owned, women-owned, disabled veteran-owned and emerging small business enterprises (MWESB) suppliers. PGE recognizes that these businesses are vitally important to the overall success of our company.

We are committed to fostering an inclusive procurement process that is accessible and fair to all suppliers based on their ability to meet the company's performance, price and quality requirements. Our employees are responsible for identifying, qualifying, selecting and managing the procurement process for goods and services to assure that qualified diverse suppliers are appropriately included.

We also strongly encourage our prime contractors and major suppliers to support supplier diversity by creating a competitive procurement process that provides opportunities to the greatest extent possible for diverse supplier sub-contractors and businesses.
