Welcome to our update of articles published in the International Journal of Public Health (IJPH) and Public Health Reviews (PHR) in September 2026, with one article from each journal highlighted as the Editor's Choice.

IJPH and PHR are the independent society journals of the non-profit Swiss School of Public Health (SSPH+). The journals are based in a fully independent Editorial Office and operate a rigorous double blind peer review process.

Articles Published in PHR - September 2026

Editor's Choice

Smoking cessation in pregnancy: a systematic review and meta-analysis of vulnerability approaches and expectant father involvement, Barrera B. et al.

1. A systematic review of co-ethnic exposure and cardiometabolic outcomes in racial and ethnic minoritized populations, Tseng M. et al.
