The Swiss School of Public Health proudly presents its first official newsletter with the most recent publications, Calls for Papers and Special Issues - all from the International Journal of Public Health and Public Health Reviews - exploring public health issues from across the world and within its communities.

## Announcement

### Impact Factor

The latest JCR Journal Impact Factors (JIF) were recently released.

The 2023 JIF for IJPH is 2.6 and it is ranked 145/403 by JIF (Q2; percentile 64.1) in the “Public, Environmental and Occupational Health” subject category

The 2023 JIF for PHR is 3.5. It is ranked 84/403 (Q1; percentile 79.3) in the same category.

There has been a widespread JIF decline this year following the COVID-19 pandemic. [Please read our explanatory letter about this.](#)

We would like to thank all of the editors, reviewers and authors for their work in support of the journal!
