

PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Securities are not intended to be offered, sold or otherwise made available to, and should not be offered, sold or otherwise made available to, any retail investor in the European Economic Area. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); (ii) a customer within the meaning of Directive (EU) 2016/97, as amended, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (as amended, the "**EU Prospectus Regulation**"). Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**EU PRIIPs Regulation**") for offering or selling the Securities or otherwise making them available to retail investors in the European Economic Area has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the European Economic Area may be unlawful under the EU PRIIPs Regulation. Notwithstanding the above, if the Issuer subsequently prepares and publishes a key information document under the EU PRIIPs Regulation in respect of the Securities, then the prohibition on the offering, sale or otherwise making available the Securities to a retail investor in the European Economic Area as described above shall no longer apply in relation to any member state whose requirements for a key information document in relation to the relevant Securities have been satisfied.

PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Securities are not intended to be offered, sold, distributed or otherwise made available to, and should not be offered, sold, distributed or otherwise made available to, any retail investor in the United Kingdom ("**UK**"). For these purposes, a retail investor means:

- (a) a person who is one (or more) of: (i) a client, as defined in point (7) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (as amended, the "**EUWA**") ("**UK MiFIR**"), who is not a professional client, as defined in point (8) of Article 2(1) of UK MiFIR (a "**UK Professional Client**"); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (as amended, the "**FSMA**") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as UK Professional Client; or (iii) not a qualified investor as defined (A) in Article 2 of Regulation (EU) 2017/1129 as it forms part of UK domestic law by virtue of the EUWA and regulations made thereunder (the "**UK Prospectus Regulation**") or (B) in the case of any offer first made on or after the day on which the revocation of the UK Prospectus Regulation comes into force, in Regulation 16 of the Public Offers and Admissions to Trading Regulations 2024 (the "**POATRs**"); or
- (b) in the case of any Securities being offered, sold, distributed or otherwise made available on or after the day on which the revocation of the UK PRIIPs Regulation comes into force, a person who is either (or both): (i) a retail investor as defined in the product disclosure rules made by the Financial Conduct Authority under the Consumer Composite Investments (Designated Activities) Regulations 2024 (the "**CCI Regulations**"); or (ii) not a qualified investor as defined in Regulation 16 of the POATRs.

Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (as amended, the "**UK PRIIPs Regulation**"), or product summary as required by product disclosure rules made by the Financial Conduct Authority under the CCI Regulations, for offering, selling or distributing the Securities or otherwise making them available to retail investors in the United Kingdom has been prepared and therefore offering, selling or distributing the Securities or otherwise making them available to any retail investor in the United Kingdom may be unlawful under the UK PRIIPs Regulation or the product disclosure rules made by the Financial Conduct Authority under the CCI Regulations. Notwithstanding

the above, if the Issuer subsequently prepares and publishes a key information document under the UK PRIIPs Regulation, or a product summary as required by product disclosure rules made by the Financial Conduct Authority under the CCI Regulations, in respect of the Securities, then the prohibition on the offering, sale, distribution or otherwise making available the Securities to a retail investor in the United Kingdom as described above shall no longer apply.

UNITED STATES TAX CONSIDERATIONS

Section 871(m) Withholding Tax

The U.S. Treasury Department has issued regulations under which amounts paid or deemed paid on certain financial instruments that are treated as attributable to U.S.-source dividends could be treated, in whole or in part depending on the circumstances, as a "dividend equivalent" payment that is subject to tax at a rate of 30 per cent. (or a lower rate under an applicable treaty). We have determined that, as of the issue date of the Notes, the Notes will not be subject to withholding under these rules. In certain limited circumstances, however, it is possible for United States alien holders to be liable for tax under these rules with respect to a combination of transactions treated as having been entered into in connection with each other even when no withholding is required. United States alien holders should consult their tax advisor concerning these regulations, subsequent official guidance and regarding any other possible alternative characterisations of their Notes for United States federal income tax purposes. See "*United States Tax Considerations – Dividend Equivalent Payments*" in the Offering Circular for a more comprehensive discussion of the application of Section 871(m) to the Notes.

ANNEX

INFORMATION RELATING TO THE UNDERLYING ASSET

The Goldman Sachs Momentum Builder[®] Focus ER Index measures the performance of a "base index" and non-interest bearing cash positions subject to certain deductions, as described in further detail in the strategy disclosure. On each index business day, exposure to the base index will be reduced and exposure to the non-interest bearing cash positions increased if (i) the realized volatility of the base index exceeds a volatility control limit of 5% (we refer to the base index, after applying this volatility control limit, as the "volatility controlled index") or (ii) the volatility controlled index has exhibited negative price momentum.

The base index is composed of underlying assets, which consist of (i) nine underlying indices, potentially providing exposure to the following asset classes: focused U.S. equities; other developed market equities; developed market fixed income; emerging market equities; and commodities; and (ii) a money market position that accrues interest at a rate equal to the federal funds rate (the "return-based money market position"). The base index rebalances on each index business day based on historical returns of the underlying assets, subject to a limitation on realized volatility (which is separate from the volatility control mechanism described in the paragraph above) and minimum and maximum weights for the underlying assets and asset classes. As a result of the rebalancing, the base index may include as few as 2 underlying assets (including the return-based money market position) and may never include some of the underlying indices or asset classes.

The daily base index return is subject to a deduction equal to the return on the federal funds rate and, in addition, the entire index is subject to a deduction of 0.65% per annum (accruing daily).

The net effect of the deduction for the federal funds rate on the base index and the 0.65% deduction on the full index means that any aggregate exposure to the return-based money market position or the non-interest bearing cash positions will reduce the index performance on a pro rata basis by 0.65%.
