

PEPTIDE RICH & RADIANT EYE CREAM

PEPTIDE RICH EYE CREAM

SKIN TYPES & CONDITIONS: NORMAL, DRY, DEHYDRATED, FINE LINES, SAGGING, WRINKLES, DARK CIRCLES, PUFFINESS

DESCRIPTION

Beautifully addresses all your eye care concerns; reduces the appearance of sagging contours, fine lines and wrinkles for a noticeably more lifted look. Visibly relieves puffiness while creating the perfect moisture balance. Brightens dark circles in the eye area.

A FEW KEY INGREDIENTS & BENEFITS

SYN®-COLL (Palmitoyl Tripeptide-5): Clinical research shows the ability to reduce all types of wrinkles and has a smoothing effect on the skin. 12% reduction after 8 weeks at a 2.5 % dosage.

PhytoCellTec™ Malus Domestica (Swiss Apple Stem Cells): Clinical research shows a significant and visible decrease in wrinkle depth for 100% of subjects at 2% concentration of extract. Research also shows a protection of longevity of skin stem cells and an age-delaying effect by protecting from oxidative stress.

REGU®-AGE PF (Glycine Soja [Soybean] Protein & Hydrolyzed Rice Protein & Superoxide Dismutase): Clinically proven to protect against oxidative stress. Strengthens and protects against the collagen and elastin matrix while it improves capillary circulation. After four weeks a reduction of eye puffiness of approximately 25% could be observed. Also, after four weeks a reduction of dark circles of approximately 32% was observed. In summary REGU®-AGE PF reduces dark circles and puffiness around the eyes, strengthens the connective tissue and reduces inflammation. The results occurred with 5% dosage.

Matrixyl™ 3000 (Palmitoyl Oligopeptide & Palmitoyl Tetrapeptide-7): Acting as messengers of cutaneous restructure and repair, these two peptides work synergistically to restore and maintain the skin's youthful appearance. Clinical research shows a 45% reduction in deep wrinkles after eight weeks at a 3% dosage rate.

Eyeseryl® (Acetyl Tetrapeptide-5): Clinical research shows Eyeseryl effective for inhibition of collagen glycation which helps avoid losing elasticity and subsequent eye bag formation. It has a draining and anti-edema effect which prevents liquid accumulation in eye bags. Lightening effect helps fade dark circles. Clinical research shows skin elasticity had a 30% increase after 30 days. The results occurred with a 10% dosage.

USAGE INSTRUCTIONS

Use AM and PM. Lightly pat around the orbital area of the eye.

FULL INGREDIENT DISCLOSURE

Aloe Barbadensis (Aloe) Leaf Juice, Butyrospermum parkii (shea) seed butter, Emulsifying Wax, Stearic Acid, Glycerin, Simmondsia Chinensis (Jojoba) Seed Oil, Prunus dulcis Amara (Sweet Almond) oil, Tocopherol Acetate (Vitamin E), Retinyl Palmitate (Vitamin A), Helianthus Annus (Sunflower) Seed Oil, Aqua, Panthenol, Butylene Glycol, Acetyl Tetrapeptide-5, Carbomer, Polysorbate 20, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Glycine, Soja (Soybean) Protein, Phenoxyethanol, Hydrolyzed Rice Protein, Superoxide Dismutase, Palmitoyl Tripeptide-5, Malus Domestica Fruit Cell Culture Extract, Xanthan Gum
