

CALMING SERUM

CALMING SERUM

SKIN TYPES AND CONDITIONS: ALL SKIN TYPES, SENSITIVE, SENSITIZED, ROSACEA

DESCRIPTION

A specialty serum that alleviates redness and soothes sensitive skin. Its unique combination of preventive botanicals and potent antioxidants calm and prevent future signs of irritation while Horse Chestnut fortifies and strengthens.

A FEW KEY INGREDIENTS & BENEFITS

Aesculus Hippocastanum (Horse Chestnut) Extract: Protects and strengthens veins and capillaries. Shown to prevent cellular filtration.

Camellia (White) Sinensis Leaf Extract: Calming, soothing and traps free radicals that damage the skin.

Glycyrrhiza Glabra (Licorice) Root Extract: Recent research indicates that licorice root extract shows promise as a soothing ingredient for the relief of eczema. Studies show it may benefit in skin lightening as it contains liquiritin and isoliquertin, as well as flavonoid containing glycosides which induce skin lightening by dispersing melanin pigment and enhancing more even pigment distribution.

USAGE INSTRUCTIONS

Use AM and PM. Gently pat onto dry skin, follow with appropriate moisturizer.
