

MOISTURIZING SPF 30

MOISTURIZING SPF 30

SKIN TYPES AND CONDITIONS: NORMAL, DRY, SENSITIVE, SENSITIZED

DESCRIPTION

This all natural sunscreen uses Zinc Oxide for broad-spectrum UVA/UVB protection. Infused with Jojoba Oil, Shea Butter and antioxidant rich Vitamin E, this luxurious formula works to hydrate, nourish and protect. Safe for babies and extremely sensitive skin. Reef safe!

ACTIVE INGREDIENT

25% Zinc Oxide: Inert earth mineral that provides UVA and UVB sun protection.

A FEW KEY INGREDIENTS & BENEFITS

Vitamin E: Accumulates in the epidermis and forms a barrier against moisture evaporation from the skin. It is an antioxidant that helps prevent free radical damage in the skin tissues. Acts as a preservative for other oils.

Jojoba Oil: Closely resembles the sebum of the skin and is rich in vitamin E. Promotes a glowing complexion.

Butyrospermum Parkii (Shea) Nut Butter: Soothing, rich emollient from the Karite Nut Tree. Revitalizes, softens, and maintains skins moisture. Contains soothing properties. High in essential fatty acids.

USAGE INSTRUCTIONS

SHAKE WELL BEFORE EACH USE. Apply liberally and evenly before sun exposure. Reapply after sweating, swimming or at least every two hours.
