

CALM, NOURISH AND REPAIR FACIAL OIL

OIL FOR CALMING, NOURISHING AND REPAIRING

SKIN TYPES AND CONDITIONS: FOR ALL SKIN TYPES, SENSITIVE, DEHYDRATED, SENSITIZED

DESCRIPTION

A luxurious treatment oil that helps calm, nourish and hydrate the skin with its natural blend of Grapeseed Oil, Jojoba, Safflower Oil, and Vitamin E. Leaves the skin feeling soothed and moisturized with a non-oily finish. All oils in this product are minimally processed to retain their vital nutrients and are rich in Vitamin C, Beta-carotene, proanthocyanidins, and linoleic acid which produces a product with potent antioxidants, anti-inflammatory, calming and restorative properties.

A FEW KEY INGREDIENTS & BENEFITS

Rosa Mosqueta (Rose) Hip Seed Oil: Effectively reduces all forms of hyperpigmentation. Nourishes, hydrates and improves the texture of the skin. Rich in a bounty of nutrients including vitamins A, C and E, essential fatty acids, carotenoids, flavonoids and trans-retinoic acid.

Cucumis Sativus (Cucumber) Oil: Extracted solely from the seeds of non-GMO cucumbers, this oil is cold pressed and unrefined with a lovely, subtle scent of cucumber. With 60% linoleic acid, and an abundance of oleic acid, it has repairing properties. Its phytosterols aid with the structural and functional integrity of the skin and act as an anti-radical shield. The seeds also contain Phenylalanin, an amino acid that slows down melanin transfer.

Tocopheryl Acetate (Vitamin E): Protects cell membranes from damage by oxygen free radicals. Prevents premature aging of the skin induced by UV irradiation and lipid peroxidation.

Kukui Nut Oil: Cold pressed seeds and kernels. It is excellent for dry skin, psoriasis, eczema, or any severe skin condition.

USAGE INSTRUCTIONS

Use AM and PM. Apply to face, neck and décolleté after cleansing or anytime skin is feeling dry and dehydrated. It protects from cold burn and wind burn and helps repair barrier compromised skin.

Professional Use:

Option 1 (for all skin types and conditions, especially sensitive reactive skin): Mix equally with Gentle Cleansing Milk and perform cleansing massage. It calms and hydrates even the most irritated skin.

Option 2 (for all lipid dry skin): Mix with any moisturizer to help hydrate lipid dry skin.

Option 3: Apply a THIN layer pre wax to lips, eyebrows, or the face. It will SIGNIFICANTLY reduce redness and will also make waxing slightly less painful, as the wax will adhere to the hair not the skin.

Mask Option 4 (sensitive or reactive skin): Mix 1/4 teaspoon Calm, Nourish and Repair Facial Oil with 3 teaspoons Gelloid Mask. Apply a thick layer to face, neck, and décolleté. Allow to remain on the skin for 10–15 minutes. Gently remove with tepid water.

Option 5 (for all skin types and conditions): Use liberally for facial massage. It has amazing slip and is nutrient rich.

Option 6: Use as a calming, soothing agent throughout treatment by pressing into skin.
