

# PLUMP & RENEW FACIAL MASK

ANTI-AGING CLAY MASK

SKIN TYPES AND CONDITIONS: AGING, CONGESTED (NOT FOR SENSITIVE SKIN)

## DESCRIPTION

A mask that deeply hydrates and stimulates skin. It diminishes the look of fine lines, wrinkles and impacted pores, while reactivating plumpness for a more noticeably youthful appearance.

## A FEW KEY INGREDIENTS & BENEFITS

Carthamus Tinctorius (Safflower) Seed Oil: Extremely moisturizing oil, rich in linoleic acid. Research has found linoleic acids to have anti-inflammatory, acne reductive, and moisture retentive properties when applied topically to the skin.

Aloe Barbadensis (Aloe) Leaf Juice: Promotes rejuvenation and increases circulation in the skin. Used for centuries to relieve various types of skin damage and skin related issues.

Tocopherol: Antioxidant. Found to prevent destruction of intercellular lipids. It promotes the repair of damaged, aging skin.

## USAGE INSTRUCTIONS

Apply in a thick layer to face, neck and décolleté. Allow to remain on the skin for 10-15 minutes. Do not allow mask to dry completely. Gently remove with water.

Professional Use:

Mask Option 1 (all skin types): Apply a thick layer to face, neck, and décolleté. Allow to remain on the skin for 10–15 minutes. Gently remove with tepid water.

Mask Option 2 (dry, dehydrated, wrinkled, sagging or environmentally damaged skin): Mix 3 teaspoons Plump & Renew Facial Mask with ½ teaspoon Gelloid Mask. Apply a thick layer to face, neck, and décolleté. Allow to remain on the skin for 10–15 minutes. Gently remove with tepid water.

AS WITH ALL CLAY MASKS DO NOT ALLOW TO DRY ON SKIN.
