International Student Program

Discover the Wild Wonders of Australia at Paradise Country!

Join us for an unforgettable educational adventure designed for international students aged 12–19. Begin with a fun and interactive 45-minute wildlife lecture at the Save A Mate Headquarters, where you'll meet iconic native animals like koalas, reptiles, and wombats. Then, grab your Wildlife Quest Passport and explore the park on a thrilling scavenger hunt collecting stamps and completing animal-themed challenges to earn your Save A Mate Pin! With visual aids, hands-on activities, and simple language support, this program makes learning about Australia's amazing animals exciting and accessible for everyone.

All of the activities included in the program are aimed to enhance the learning experience for all guests so that they gain a better understanding of native animals.

PROGRAM INCLUSIONS

- Animal Lecture
