Dive into Discovery at Sea World!

Join us for an unforgettable one-hour adventure where international students aged 10-19 become marine life explorers! Held after the thrilling Seal Guardians or Affinity Dolphin Presentations, this exciting education program invites students to choose their focus, dolphins or seals, and learn how Sea World cares for these incredible animals. Through real-life demonstrations, and simple English explanations, students will uncover fun facts, explore animal features, and discover the secrets of marine care and conservation. It's the perfect blend of learning and excitement, designed to inspire curiosity and connection with the ocean's most playful residents!

All of the activities included in the program are aimed to enhance the learning experience for all guests so that they gain a better understanding of marine animals.

PROGRAM INCLUSIONS
