- Nokia Siemens Networks Award (2011).

PROFILE

An ambitious Full Stack Developer who has several years of experience with the most demanded web development technologies and who is eager to continue learning and growing as an adaptable team player.

RECENT PROJECTS

Student Management System API (private repository)

NestJS, Node.js, TypeScript, TypeORM, PostgreSQL, Docker, GitHub Actions, Jest

Worked as a full-time back-end developer and occasional scrum master for this internal company project that lasted for 3 months. The backend team consisted of 4 developers that worked closely with the other 2 front-end teams. My task in the project was to implement new features, fix bugs, and review code.

Full Stack Library

Node.js, Express.js, MongoDB, React.js, Redux

A full stack library web application. The users can borrow and unborrow books, whereas the admins can add, update, and delete books, authors, and users. Both user groups can also sign in with their Google accounts.

WordPress Theme for pbol.org

WordPress, PHP, Web Accessibility, Responsive Web Design

The main task in this project was to learn about web accessibility and put that knowledge to use by transforming the existing static site into a CMS-based site, adhering to the principles of web accessibility.

An Extension for Hiding Local Ads

JavaScript, Google Chrome

As many websites have sponsored content that cannot be removed by Adblock, I have created an extension with only 2 lines of code that selects elements with advertisements and sets its visibility to "none" to improve the reading experience.

SKILLS

Front end: A11Y (Web Accessibility), CSS, Grommet, HTML, JavaScript, Material-UI, React.js, Redux, TypeScript.

Back end: C++, Express.js, Java, NestJS, Node.js, Ruby on Rails.

Database: MongoDB, PostgreSQL.

Testing: Jest.

DevOps / Cloud: AWS, Docker, GitHub Actions, Heroku, Netlify.

Content Management Systems: WordPress.

EXPERIENCE

Full Stack Developer

Integrify | Helsinki, Finland | January 2020 - Present

Web Developer

Pehr Brahe Ohjelmistolaboratorio | Raahe, Finland | Feb 2013 - July 2013

EDUCATION

B. Eng. in Information Technology

Oulu University of Applied Sciences (OAMK) | Oulu, Finland | 2014
