

NHAN NGUYEN

FULL STACK DEVELOPER

LINKEDIN

GITHUB

LANGUAGES

- English - Fluent
- Finnish - Novice

PROFILE

Nhan is an ambitious developer, eager to develop his professional skills in frontend development even further. Nhan is equipped with an extremely high work ethic and he addresses his responsibilities with determination. He has completed multiple software development projects including larger entities in frontend- and mobile development. Currently, Nhan is looking very much forward to joining an ambitious tech team as a software developer.

RECENT PROJECTS

Hotel-booking

React.js, Node.js, MongoDB, GraphQL

An application for booking hotel rooms with authentication for registering and logging in. Built to demonstrate proficiency with relevant technologies.

Media-sharing

JavaScript, HTML, CSS, Node.js, AWS RDS, MySQL, AWS S3

An application for anonymous, registered, and admin users to post, like, and comment on media files. Similarly, built to demonstrate proficiency with relevant technologies.
