

# ANIK DAS

## FULL STACK DEVELOPER

LINKEDIN

GITHUB

### LANGUAGES

- English - Fluent
- Finnish - Novice
- Bengali - Native
- Hindi - Fluent

### ACHIEVEMENTS

- Cloud Application Development Foundations Specialization, Coursera (May 2021).
- Developing Cloud Apps with Node.js and React, Coursera (May 2021).
- Developing Cloud Native Application, Coursera (May 2021).
- Introduction to Cloud Computing, Coursera (May 2021).
- Introduction to Cloud development with HTML, CSS and JavaScript, Coursera (March 2021).
- Red Hat Certified System Administrator (RHCSA), Red Hat (February 2017).

## PROFILE

Anik is an IT professional who is passionate about software and cloud technologies. He has deep knowledge in overall IT administration, wireless sensor networks, computer and mobile networks. Additionally, he holds a Master's degree in Information Technology and graduated from the University of Tampere. Anik describes that he is an expert in Linux and other open source technologies. He is eager to challenge himself in the field of IT and looking forward to contributing his know-how at an ambitious tech team.

## RECENT PROJECTS

### Emotion and Sentiment Analyzer

Express.js, Node.js, React.js, IBM Cloud and Watson NLU API

An application that provides information about emotions and sentiments based on given text or URL using the IBM Watson NLU service. This application was the final requirement for completing a highly competitive specialization course in Coursera.

### Ice-Cream Builder App

React.js, CSS, Firebase

The application is for building custom ice cream while fetching the data from a Firebase database. This project was built from scratch to enhance proficiency with relevant development technologies.

### Userinfo App

Bootstrap, React.js, React Router and Hooks, Jsonplaceholder API

An application built as a recruitment assignment for joining Integrify. The application fetches user information via JSON placeholder API and displays it in card components.

### Game: Noughts and Cross

Python

This game was built from scratch and serves two players to play it against each other. The game was built as a final project for a programming course during the Master's studies in Information Technology.

## SKILLS

**Front-end Development:** Accessibility, Bootstrap, CSS, HTML, JavaScript, React.js, Redux, SCSS, TypeScript.

**Back-end Development:** Express.js, Node.js, Python, REST API.

**Mobile Development:** Android Studio.

**Database Management:** Cloudant, MongoDB, PostgreSQL.

**Testing:** Enzyme, Jest.

**DevOps:** Bash, CI/CD, Docker, GitHub Actions.

**Cloud Services:** AWS, IBM Cloud.

**Other:** Agile, NS3 Simulator, Wireshark.

## EXPERIENCE

### Full Stack Developer

Integrify | Helsinki, Finland | May 2021 - Present

- Taking numerous responsibilities in front-end development with JavaScript and TypeScript and applied frameworks and other tools such as React.js and Redux among many others.
- Contributed to the back-end development of various projects with Node.js and Express.js.
- Built and managed databases with MongoDB and PostgreSQL.
- Conducted software testing with Jest.
- Collaborated with other developers of different seniority via GitHub Actions.

### Courier

Posti Palvelut Oy | Tampere, Finland | April 2018 - Present

### International Student Tutor

Tampere University | Tampere, Finland | January 2018 - April 2019

### Technical Support Executive

Tiger IT Bangladesh LTD. | Dhaka, Bangladesh | April 2016 - July 2017

- Assisted Network and System Administrators in configuring and monitoring networks and servers.
- Diagnosed and troubleshoot technical issues, including configuration and maintenance of software and hardware.
- Upon recognizing any issues, established and maintained contact with assigned teams to timely resolve the issue.
- Followed the standard procedures for proper escalation of unresolved issues with appropriate internal terms.

## EDUCATION

### AWS Certified Cloud Practitioner

AWS re/Start & Integrify Academy | Helsinki, Finland | August 2021 - Present

### M.Sc. in Information Technology

Tampere University | Tampere, Finland | August 2017 - November 2019

### B.Sc. in Computer Science and Engineering

Ahsanullah University of Science and Technology | Dhaka, Bangladesh | October 2011 - October 2015
