RECENT PROJECTS

Shopping Cart

React.js, React Query, Material-UI

An e-commerce application with the most essential functions such as adding products to user carts and featuring the descriptions for each product.

COVID Tracker App

React.js, Material-UI

A project for fetching live data for people affected by the COVID pandemic in each country.

JuzTalent

TypeScript, React.js, Next.js, LESS, SCSS, Material-UI, Redux, Redux-Saga, MobX, REST API

Designed and contributed to the front-end development of a Human Resource Information System during employment at Kyanon Digital. Communicated directly with the end-customer in order to complete the design for the system. Supported the back-end development team during the development cycle.

EXPERIENCE

FULL STACK DEVELOPER

Integrify | Helsinki, Finland | October 2021 - Present

- Sharpening competence as a Full Stack Developer by collaborating with other developers of different seniorities on a diverse range of projects and real-life challenges.
- Focusing on front-end development with JavaScript, TypeScript, React.js, Redux in addition to other technologies and concepts such as accessibility and animations.
- Building back-end for web-based applications with frameworks such as Node.js and Express.js.
- Covering additional concepts such as API development and documentation, unit testing with Jest, SQL and NoSQL databases, and version control with GitHub.
- Working with DevOps practices (Bash scripting, Docker containers, and CI/CD with GitHub Actions) and Cloud Services with AWS.

FRONT-END WEB APPLICATION DEVELOPER

Kyanon Digital | Singapore, Singapore | February 2019 - October 2019

- Contributed to the development and launch of a Human Resource Information System, JuzTalent.
- Designed the aforementioned system according to the requirements of the end-customer.
- While responsible for front-end development, collaborated with the back-end development team.
- Technologies used: TypeScript, React.js, Next.js, LESS, SCSS, Material-UI, Redux, Redux-Saga, MobX, REST API.

EDUCATION

B.ENG. IN INFORMATION TECHNOLOGY

VAMK University of Applied Sciences | Vaasa, Finland | August 2018 - December 2021
