PROFILE

Artur is a highly diligent Full Stack and Mobile Developer who is known for his eagerness and ability to learn new technologies efficiently. At Integrify, he is working on a client project along with the team of its consultants and CTO. Formerly, Artur guided his team to deliver another client project for which he heavily contributed to the UI/UX design and front-end development. Artur is a compassionate team player who expects nothing but the best from himself and his work.

RECENT PROJECTS

Yard

React Native, TypeScript, Expo, Redux, Redux-Saga, NativeBase, React-native-maps, Detox, Node.js, AWS Serverless, GitHub Actions, Contentful

An ongoing project for a client who is launching a mobile application for travelers. Artur contributed to the development of the application together with the team of Full Stack Consultants at Integrify.

Sami Ylipuranen Website
