

QHSE POLICY

Our Values

- Customer First.
- Performance.
- Curiosity.
- Courage.
- Trust.

Our Mission

Make access in life smart and secure.

Our Ambition

Become the trusted industry leader:

- Best people.
- Best partner.
- Best aligned product and service portfolio.
- Best in class profitability.

Our Policy

We assure compliance with our values, mission, vision and ambition by our Quality, Health, Safety and Environmental System, in addition to the belonging processes.

This System controls the compliance of statutory and legal regulations, standards and customer requirements.

Customer requirements and requests are realized by:

- Problem solving oriented process.
- Development of technical standards.
- Delivery according to latest logistical concepts.
- Economical reasonable, long-living and qualitative solutions.
- Active practice of Occupational Health and Safety.
- Respect of Environment and natural resources.

dormakaba contributes to cost savings as part of sustainable building concepts by providing comprehensive advice and products of superior quality. Therefore, new processes and products are implemented based on stringent quality, ecological, energy efficiency and health and safety parameters.

We maintain open contact with interested parties. We examine and assess all our activities and products according to their economy and quality with the aim of ongoing improvement. And we include our business partners in our efforts.

Tarek MARAWAN, SENIOR VICE PRESIDENT
