

Dear,

You have temporary protection based on the Temporary Protection Directive (2001/55/EC) and you are registered with the local council. You received a proof of residence from the Immigration and Naturalisation Service (IND). This is a sticker in your passport or a separate paper. Your sticker will not be valid anymore soon. You can find out more about the extension of your sticker in this letter.

The temporary protection has been extended

The IND will extend your sticker until the end of the temporary protection. This is because the situation in Ukraine is still uncertain. Once it is clear when the temporary protection will stop, then the IND will tell you so.

This letter makes sure that your sticker remains valid

With this letter you can prove that your sticker with number ... will be valid until the end of the temporary protection. The IND will not give you a new sticker. It is important for you to save this letter carefully. If you lose it, you can download the letter via myind.nl.

You must be able to show these documents at the same time

- your passport, identity card, birth certificate or statement from the embassy
- your sticker
- this letter

To foreign border authorities

This letter is proof that the term of validity of the proof of residence (the sticker) of * with number *** has been extended until temporary protection under the Temporary Protection Directive stops. This means that this person will have lawful residence in the Netherlands until the temporary protection stops.

This letter makes sure that you will keep the same rights

Do you have questions?
