Interests

design	Naturally drawn to all what's visual. That includes all screen UX/UI design, typography, arts, interior design...
motion	I'm sold by a good transition! Always wondering how they made it and sometimes trying my own version on it.
development	Just love to know how it all works. Enjoying a meaningful chat with programmers.
sport	Playing tennis for over 10 years. Teaching tennis – to kids and adults – for more than 4 years. It's the greatest sport!
other	A great slow-coffee lover! I sometimes hold an analogue camera – which was my grandpa's –, sometimes a modern Nikon.

Worth mentioning

2018	Winner of Adobe Creative Jam, Eindhoven
2020	Featured on design blog Graphic mama: "The Best Design Examples for 2020 Part I: Infinite Inspiration"
