Jackson

Performer Series guitars you'll know immediately why Jackson has established the reputation of building absolutely the finest instruments regardless of price. You'll recognize that the quality is responsible to instruments sounding significantly more. All Performer come with solid Alder bodies, custom cut custom Maple necks, and the highest quality Rosewood Fingertboards. Also, Alnico high-soutput pickups are used exclusively for a richer, clearer tone.

With so many different models to choose from, the Performer Series offers virtually every type of player the sound and style of a Jackson at an exceedingly affordable price.
