

SHORELINE[®]

HOT TUBS

Unwind in a Shoreline Hot Tub!

Escape from your fast-paced life and rest easy in the soothing and effervescent waters of a **Shoreline Hot Tub**. With eight different models to choose from, there's a perfect fit for every hot tub enthusiast.

These hot tubs are built to last and designed for comfort. **Shoreline Hot Tub** offer everything a discerning hot tub owner could want with its ample space and first-class amenities; you will feel like royalty while enjoying a high-performance massage from a wide range of jets.

The **Shoreline Hot Tub** will bring beauty to your backyard and serenity to your life.

Features and Benefits

Valued Added Benefits That Set Shoreline Hot Tubs Apart From Others

At **Shoreline Hot Tubs** we develop a unique product. We invest time into constructing well-built hot tubs by using the highest quality materials to develop a state-of-the-art therapeutic and entertaining user experience. An infinite amount of research stands behind the jet placement in every **Shoreline Hot Tub**. These spas are built for style, stress reduction, and therapeutic benefits. From comfort seating with UV resistant padded headrests to powerful pumps, Shoreline rejuvenates both body and mind.

UV Treated, Padded and Stitched Headrests

Fountain Jets and Waterfalls
(Water features vary on select models)

Extra Large Footwell
(Calf and ankle jets included on select models)

Air & Water Diverters
Friendly design allows user to adjust the amount of air and water pressure

Efficient Filtration Systems
(Styles may vary - open filter on SL635, & SL525. Enclosed filter on 7' & 8' models)

Digital Controls
On Demand Hydrotherapy

Engineering Benefits That Help with Cost Efficiency

Maintenance Free Skirting

Unparalleled look, texture and performance. It is maintenance free, has removable panels for easy access and provides added insulation. Shoreline cabinets have no vents for heat to escape. We keep the hot air inside the hot tub to help be more efficient.

Oversized Pump System

Energy efficient on both high and low speeds with 56 Frame design. Installed on anti-vibration and noise reducing pad.

Framing

Quality pressure-treated wood structure (50-year life expectancy, meets environmental standards). Removable side panels. Anti-moisture ABS plastic base for increased stability and heat retention. Base and frame with ThermoFoil™ protection. Frame is bonded to shell.

Extra Foot Well Strength

Recycled acrylic and resin added to bottom for superior support. Process creates one of the heaviest and strongest spas in the industry. 44% heavier than other competitors.

Superior Bond

Double protection glued and clamped fittings ensure an extra secure bond between pipes and jets.

Ozone Water Sanitation System

Provide clean, clear and safe water for your Shoreline Hot Tub, as well as a significant reduction in chemical sanitation use. Ozone is standard on all models.

Heatshield Insulation System

RMAX™ products deliver more energy savings potential for your **Shoreline Hot Tub** than other materials of the same thickness.

- Saves on Energy Cost
- Protects Equipment Against Freezing
- Acts as Sound Barrier
- Allows easy access for service and upgrading

in.Stream™, Integrated Bluetooth™ Audio System

Whether you are relaxing alone, sharing time with a loved one or entertaining friends, the sound of music always adds pleasure to the occasion. **Shoreline Hot Tubs** offer an optional Bluetooth™ stereo system which includes quality marine speakers for the ultimate sound quality.

- Control from Topside
- Transducer Speakers and Sub-Woofer
- Specifically Designed For Spas

Total audio control. Streamed from your Hot Tub through the K-500, K-800 or K1000 topside.

In.Stream audio available on SL863B, SL863L, SL753B SL853L, & the SL635L

Optional Upgrades

The In.touch® App,

The Coolest Way To Enjoy Your Spa

Mode and function selection wheels, all-on/all-off one touch activation key, interactive display icons and on-screen reminders make for a unique user interface. Get direct feedback.

Control all functions of your spa from your iOS or Android smartphone or tablet and the In.Touch® app. Use predefined spa experiences or customize your own.

In.Touch® is compatible with the control systems of all **Shoreline Hot Tubs**. The In.Touch® can be used from an iOS(version 8 or later) or Android (version 4.4 or later) smartphone or tablet.

In.touch® Wi-Fi Remote

Illuminated Jet Package

Adjustable stainless steel jets with optional illuminated jets (Jet Styles Vary by Model)

Optional 24hr. Circulation Pump

- Up To Four Times The Filtration
- Adds Life To Jet Pump
- Energy Efficient - Reduces Cost
- Pump Is Whisper Quiet
- Reducing Your Electrical Bill

* The chart data is based on 10 hours of daily filtration required for an ozonator or bromine generator.

** Electricity price at \$.15 / KWH \$

Hot Tub lighting and color

Embark on a journey to relaxation by creating the atmosphere you desire with enriched colors from this beautiful LED lighting system! Shoreline Hot Tubs offer adjustable and synchronized lights that illuminate from the controls to the footwell with a simple touch. Beyond the solid colors, you have a variety of light show options to elevate the visual allure.

- Optional Package includes back-lit jets
- Long life with no added heat

Therapeutic Advantages

designed with maximum comfort in mind.

Indulge in a rejuvenating and high-performing massage within your luxurious **Shorline Hot Tub**. With a generous array of therapy jets strategically positioned to target and alleviate muscle pain in areas like the neck, shoulders, lower back, hands, and feet. The Shorline plumbing system interconnects all jets, ensuring optimal water flow creating the ideal pressure for relaxation and relief. These adjustable and interchangeable jets allow you to tailor your experience, controlling water pressure for each set. Each jet placement and flow design pattern has been meticulously researched and supported.

Gain the utmost comfort with

- Neck jets for neck and shoulders
- Massage jets for shoulders and lower back
- Carpel Tunnel jets for hands and fingers
- Jumbo jets in footwell for lower calves and feet

Cover Features and Benefits

Shoreline recommends that you keep your cover on and locked when spa is not in use!

Double Sewn, Hand Grips

Provide superior durability and an extra level of comfort.

4 Child Resistant Locking Mechanisms

Fasten to each corner of the spa, providing that extra peace of mind.

Insulated Heat Bags

Helps to eliminate heat loss between the cover fold when spa is not in use.

Sealed Interior Hexene Poly Bag

Protects inner foam core by reducing sweating and moisture.

Shell and Cabinet Selection

Shoreline Hot Tubs offer a variety of popular color options - designed to fit any decor.

The **Shoreline Hot Tub** polymer cabinet offers an unparalleled look, texture, and performance. The cabinet is maintenance free and features custom rounded corners and removable panels for access to all areas inside the spa.

The **Shoreline Hot Tub** cabinetry is moisture and impact resistant, therefore it doesn't crack or fade. It is also sound proof and flame retardant.

Buy with Confidence

Shoreline Hot Tub Warranty

Twenty Year Shell Structure Warranty

Shoreline Hot Tubs warrants its Hot Tubs not to leak, meaning to be structurally sound and capable of holding water only, and against loss of water through the fiberglass laminate of the Hot Tub shell caused by defects in materials and/or workmanship for a period of **TWENTY YEARS** from the original date of purchase.

Three Year Surface Finish of Shell Warranty

Shoreline Hot Tubs warrants the surface finish of its Hot Tubs to be free from blistering and cracking due to defects in the acrylic surface material for a period of **THREE YEARS** from the original date of purchase.

Three Year Component and Labor Warranty

Shoreline Hot Tubs warrants the electrical components: heaters, pumps, relays and contractors and other Hot Tub components against malfunction, leaks and/or defects in materials and/or workmanship for a period of **THREE YEARS** from the original date of purchase.

Three Year Plumbing Warranty

Shoreline Hot Tubs warrants all plumbing parts to be free from defects in material and/or workmanship for a period of **THREE YEARS** from the original date of purchase.

One Year - Other Warranties

See Shoreline Hot Tubs Limited Warranty for additional information

Be Responsible

Spa Safety

- Maintain constant adult supervision when children are in or near ANY body of water.
- Install fences, barriers and hot tub covers to prevent unsupervised access, especially by young children.
- Always completely remove your hot tub cover before using your hot tub.
- Inspect your hot tub equipment on a regular basis to ensure that it is in good working order and that it is safe.
- Always test the temperature of your hot tubs water before entering the hot tub. It is recommended that maximum water temperature never exceed 104°F (40°C). Do not soak for more than 15 minutes at one sitting in 104°F (40°C) water.
- Individuals with certain medical conditions, such as heart disease, diabetes, high or low blood pressure, and pregnant women, should not use a hot tub without advance approval by their physician. If a person has any doubt as to whether a medical condition should limit their use of a hot tub, they should seek prior consultation with their physician. Individuals with open cuts or wounds should not use a hot tub until completely healed
- Never use a hot tub when you are alone and never use a hot tub while using or after using alcohol or drugs that may cause sleepiness, drowsiness, or raise or lower blood pressure.
- Ask your city about any specific rules and regulations that apply to hot tub ownership, including local electrical codes.
- Do not allow unsafe or risky behavior in and around the hot tub.
- Consult with a licensed electrician for installation of or any work to your hot tub. If you are installing your own hot tub, it is your responsibility that all work performed complies with the National Electrical Code and all other applicable codes and regulations.
- Your hot tubs jets, grates, skimmer and main drain should be properly maintained and secured. Hot tub users should be instructed not to stick any part of their body into such outlets as entrapment and drowning can occur. Hot tub users with long hair should also be cautioned not to get their hair near such outlets.
- Keep a first aid kit in close proximity to your hot tub.
- Maintenance and safety manuals contain detailed tips and recommendations and should be read, followed and applied on a regular basis.
- We encourage all hot tub owners to request safety related publications from the Association of Pool and Spa Professionals (APSPA), including: "The Sensible Way To Enjoy Your Spa or Hot Tub," and "Pool and Spa Emergency Procedures for Infants and Children."

Your Shoreline Dealer/Contractor is an independent business person and not an agent or employee of SCP Pool Corporation or any of its subsidiaries. Neither SCP Pool Corporation nor its subsidiaries accept any responsibility for any representations, statements or contracts made by any Spa Dealer/Contractor.

Note: Color samples shown are representations of actual color, but are for identification only. Because the color may vary, SCP POOLCORP does not guarantee that this color will be an exact match to the image shown.

Shoreline Hot tubs proudly uses recycled materials where possible. We practice "Green Manufacturing" procedures, while ensuring an unrivaled standard of quality.

Shoreline Cares!
