

Quality Education

The investment solution "radicant SDG Impact Solutions - Quality Education" aims to promote the Sustainable Development Goal SDG 4. This goal aims to ensure inclusive and equitable quality education and promote lifelong learning opportunities for all.

The selected companies contribute to quality education by providing sustainable solutions in areas such as online education, dissemination of knowledge or access to education for broad segments of the population.

The increasing importance of knowledge in a technologised economy and the recognition that science and education are the basis of any sustainable development should favour this investment trend in the next decade.
