

ClimatePartner Impact GmbH

awards this certificate to

radicant bank ag

for their voluntary impact contribution to support global efforts to achieve the temperature goals of the Paris Agreement. In the year **2023**, radicant bank ag has demonstrated its commitment by planting **10,000 mangrove seedlings** as a contribution to the **Mangrove Restoration Project** in Tudor Creek, Kenya. Through this contribution radicant bank ag supports ecosystem restoration in the region and the sustainable livelihoods of the local community. In addition, this contribution supports mitigating CO₂ emissions.
