

WARREN

Thanks for being part of Reach for Warren! As we get closer to the 2020 primaries, we need your help -- **who can we count on you to bring out to the polls for Elizabeth Warren?**

Use this checklist to help you brainstorm! Then, put those people into Reach

- ☐ Who is in your immediate family? Your extended family, like uncles and nieces?
- ☐ Who is in community groups that you are a part of, like your church or your PTA? Who do you sit next to at the gatherings or meetings?
- ☐ Who do you work with or used to work with?
- ☐ Who do you make plans with on the weekends, or over vacations?
- ☐ Who do you see and interact with regularly -- like your neighbors, or other parents at your children's school?
- ☐ Who do you send articles you see online to?
- ☐ Who do or did you go to high school or college with?
- ☐ Who are the last 10 people you texted or called?
- ☐ Who have you gone to vote with in the past?

YOUR NEXT STEP: Once you've finished your list, **make sure to keep in touch with the folks on it!** As you watch the debate tonight, think about the issues Elizabeth speaks about, that you know matter to your friends and family -- how might her plans impact their lives? Talk to them about it, and ask them what they think!

And don't forget: you can follow up easily with anyone you've logged in Reach by going to the My Reach tab -- go to each person's profile and click the 'text' or 'email' icon next to their phone number and email address!
