”

## ELIZABETH WARREN

If we're going to reshape our country and save our democracy, we need to be willing to fight for bold, structural solutions to the problems we face as a nation. Elizabeth is committed to fighting side by side with — and seeking input and insight from — Latinos, Latinas and Latinx activists, community leaders, organizers, policy experts and stakeholders, every step of the way.

## ABOUT ELIZABETH

Elizabeth is the daughter of a janitor who had the chance to become a teacher, a law professor, a U.S. Senator, and a presidential candidate because America invested in kids like her.

**Now, she's running for president to build an America that works for all of us, not just the wealthy and well-connected. This is our moment to dream big, fight hard, and win.**

## VOTE FOR ELIZABETH WARREN

## INVEST IN OUR FUTURE

Elizabeth Warren's Ultra-Millionaire Tax asks the richest 75,000 Americans to pitch in two cents on every dollar of net worth over \$50 million and six cents on every dollar of net worth over \$1 billion. With this tax on the wealthiest fortunes in America, we can:

- **Provide Universal Child Care and Pre-K**, including raising wages for child care workers and preschool teachers — many of whom are Latina workers;
- **Invest \$800 billion into our public schools** so every kid has access to a high-quality public education — and we'll protect the civil rights of Latino students, English Language Learners, and immigrant students;
- **Cancel student loan debt** for 95% of people who have it — which would increase the median wealth by roughly \$3,280 for Latino households as a whole;
- **Provide free two- and four-year public college and technical school**; and
- **Invest a minimum of \$50 billion in Hispanic-Serving Institutions, HBCUs, other Minority Serving Institutions.**

## CREATE A FAIR & WELCOMING IMMIGRATION SYSTEM

Donald Trump has weaponized a flawed immigration system and advanced policies of cruelty and division that demonize immigrants. Elizabeth's immigration plan **reshapes our immigration system into one that matches our values — and keeps families together:**

- **Create an achievable path to citizenship** for the 11 million undocumented people;
- **Decriminalize migration**, protect those seeking refuge, and **shut down private detention facilities**;

- Provide rights and **due process** for everyone, including immigrants;
- **Reinstate the DACA, Temporary Protected Status (TPS) programs** and use deferred action to cover and protect more people;
- **Eliminate abusive enforcement** and bring accountability by remaking Customs and Border Protection (CBP) and ICE from top to bottom;
- **Reduce the family reunification backlog**, and reunite more families with their loved ones; and
- Reverse Trump's anti-refugee policies and **expand the refugee cap up to 175,000** by the end of Elizabeth's first term.

## HEALTH CARE IS A HUMAN RIGHT

87 million. That's how many American adults in 2018 were uninsured or "underinsured." Latinos face the highest uninsured rate of any group — in 2017, nearly 17.8% of the population was uninsured. **Elizabeth's plan gets the most help to the most people as quickly as possible.**

Within her first 100 days as president, Elizabeth will push Congress to give everyone the chance to join an improved Medicare program that covers **vision, hearing, mental health, dental, and long term care** at little to no cost. And starting on day one, Elizabeth will act to **bring down the high costs of many common prescription drugs**, including Insulin and EpiPens. By year three of her presidency, Elizabeth will push Congress to transition fully to Medicare for All.

**Because health care is a human right.**
