## WARREN

Elizabeth is the daughter of a janitor who had the chance to become a teacher, a law professor, a U.S. Senator, and a presidential candidate because America invested in kids like her.

Now, she's fighting to build an America that works for everyone, not just the wealthy and well connected. It won't be easy, but this is the fight of our lives. And we've got to win.

## CLIMATE CHANGE

Elizabeth is an original co-sponsor of the Green New Deal and believes we can get to 100% renewable energy by 2030. But this big challenge of climate change also brings along an opportunity to create millions of jobs in clean and renewable energy, infrastructure, and manufacturing.

## UNIVERSAL CHILD CARE

Elizabeth’s universal child care plan would make high-quality child care and early education from birth to school age free for millions of families and affordable for all, and it would pay child care workers like comparable public school teachers.

## HOUSING

Elizabeth’s plan would build or rehab 3.2 million new housing units and create 1.5 million new jobs. It also takes the first steps toward closing the racial wealth gap by addressing decades of discrimination denying Black families homeownership opportunities. *Text HOUSING to 24477*
