

Central European University Press

To recommend supporting *Opening the Future* to your library, please complete this form and pass it to your subject librarian.

Dear Librarian, I would like to recommend our library invests in *Opening the Future* by subscribing to CEU Press books in one or more of these packages:

- ☐ [Politics](#) (50 backlist titles on prominent past and present political trends, systems and influences across Central and Eastern Europe).
- ☐ [History](#) (50 backlist titles spanning medieval times to the fall of communism, and illuminating the diverse and specific historical changes and developments of the Central and Eastern European regions).
- ☐ [Editors' Choice](#) (50 backlist issue-focussed books in gender studies, Roma, labour, public health, nationalism, Jewish Studies and human rights selected by the editors at CEU Press, with a view to bringing the broadest representation of the Press' output to the attention of the research community).
- ☐ [Library Selection](#) (50 backlist titles selected by an independent panel of expert librarians, this package features a cross-section of key titles across all disciplines published by the Press, taken from the other three packages).
- ☐ [East Meets West](#) (50 backlist books on the transformations of the former Russian empire: Romanov rule followed by Bolshevik politics, post-communist consolidation, and the imperial renaissance under Putin. This package presents the many faces of the empire from the tsarist era to recent upheavals, including the Russia-Ukraine war).
- ☐ [Past Meets Present](#) (50 midlist titles published between 2020 and 2025. Taking a holistic approach to Central and Eastern Europe, this package showcases some of CEU Press' most recent monographs on the region. It contains the very latest research and debates on topics ranging widely from the politics and class struggles of Communist and post-Communist regimes, through to cuisine as cultural memory and expression) – new for 2025!
- ☐ [OA Supporter Package](#) (no content but library support through this package enables the Press to continue publishing new frontlist books in all of the above subject areas in open access format).

I recommend investing in *Opening the Future* for the following reason(s):

- ☐ **Reference:** I will need to refer to CEU Press books frequently for my work.
- ☐ **Student referral:** I will be referring students to these books to assist their studies.
- ☐ **Benefit for library:** These books will complement the library's collection and I will regularly recommend them to my colleagues/students.
- ☐ **Own affiliation:** I have published with CEU Press, and would like to support the open access model that benefits authors without them needing institutional OA funding.
